To: All Parents and/or Guardians of
Casa Blanca Community School Students

Greetings!

Casa Blanca Community School is pleased to announce that our school participates in the **Community Eligibility Provision (CEP)**, allowing all enrolled students to enjoy nutritious school meals at **no cost every school day**.

Through this program, students can access breakfast, lunch and after-school snacks without the need to submit individual meal applications or make payments for their meals. Our goal is to help ensure that every student has access to nutritious food to support their health, well-being, and academic success.

We are proud to support our students and families by helping remove barriers to school meals and creating an environment where every student can focus on learning, growing and succeeding.

We encourage our community members and media partners to share this information with families to ensure everyone is aware of this important benefit.

Thank you for your continued support of Casa Blanca Community School and our commitment to serving our students and community.

If your family needs additional support, there are other programs for which you may be eligible. To learn how to apply for Supplemental Nutrition Assistance Programs or other assistance benefits, please contact your local assistance office or call 1-855-432-7587.

If you have any other questions or need assistance, please call Casa Blanca Community School Food Service Department at 520-315-3489 ext.2505.

Sincerely,

Tiffanee Bryant
