

Shana Hamblin

Round Valley Unified School District

I was born and raised in Round Valley, and this community has always been home. As a mother of three boys—two in high school and one in elementary school, currently in third grade—I have a personal connection to our local schools and a strong interest in making sure our students have the opportunities they deserve.

For the past 20 years, I have owned and operated my own business. That experience has taught me the importance of responsibility, communication, hard work, listening to others, and finding practical ways to solve problems. I have also spent many years involved in youth activities and sports. I helped run Round Valley Little League baseball and softball and served as president of the organization for five years.

I truly enjoy working with kids, and I believe every child deserves the chance to discover what they love. Whether a student is passionate about sports, band, theater, academics, art, or something else they should have opportunities to explore those interests, learn new skills, and become the best version of themselves.

I believe Round Valley is a great community, and I am running for school board because I see many opportunities for our community and our schools to continue doing good things and to keep improving. Education is changing, and our schools need to continue adapting to the different ways kids learn and to the changing needs of students and families.

My goal is to listen, learn, and work together to help our schools grow while keeping students at the center of every decision. I want to help make sure our kids have access to strong educational opportunities, supportive programs, and the resources they need to discover their strengths and prepare for their futures.

Committed to listening, working together, and putting students first.
