**Areas within Apache County have specific Roof Snow load requirements. Permitting requires the manufactures Roof Snow load information to insure the proper placement of homes and accessories base on the snow load studies to the area of placement. Homes which do not meet the standared will require a signed waiver or an accessory "snow roof" construction over the home. Additional permitting will be required in these instances.

**Areas within Apache County have specific Roof Snow load requirements. Permitting requires the manufactures Roof Snow load information to insure the proper placement of homes and accessories base on the snow load studies to the area of placement. Homes which do not meet the standared will require a signed waiver or an accessory "snow roof" construction over the home. Additional permitting will be required in these instances.

DATE: **2-2-2023** SIGNATURE: **Cory Penttilla**

PROVISIONS: Every permit issued shall become invalid unless the work authorized by such permit is commenced within 180 days after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of 180 days after the work is commenced. The Building Official is authorized to grant, in writing, one (1) or more extensions of time, for periods not more than 180 days each. The extension shall be done in writing and justifiable cause demonstrated. (IRC R105.5) Work is considered to be abandoned if it has not had a "passed" inspection in the past 180 days.

** Areas within Apache County have specific Roof Snow load requirements. Permitting requires the manufactures Roof Snow load information to insure the proper placement of homes and accessories base on the snow load studies to the area of placement. Homes which do not meet the standard will require a signed waiver or an accessory "snow roof" construction over the home. Additional permitting will be required in these instances.
