This application is approved with the following Directions, Requirements and Specifications:

PERMIT AND LICENSE NO. _____

A permit and license is hereby issued to the foregoing Permittee for the purpose contained in the application, upon the expressed condition that every agreement and covenant therein contained is faithfully performed, and said work is performed in accordance with the approved plans and specifications and in accordance with any stipulations contained herein.

Dated: _____

Public Works Director

Construction to be completed by: _____

UPDATED CONDITIONS

1. The Permittee hereby agrees to save and hold harmless Apache County, any of its departments, agencies, officers or employees from all cost and damage incurred by any of the above and from any other damage to any person or property whatsoever, which is caused by any activity, condition, or event arising out of the performance or non-performance of any provision of this agreement or the exercise of this permit or license by the Permittee, any of its agents, or any of its independent contractors. The above cost incurred by the County, any of its departments, agencies, officers or employees shall include in the event of any action, court costs, expenses of litigation and reasonable attorneys' fees. When any above cost or damage occurs as aforesaid, the Permittee assumes the burden of proof that the above activity, condition, or event did not cause such cost, damage, or other damage.
2. All work done shall be at the sole cost and expense of the Permittee and shall be done at such time in such manner as to be least inconvenient to the traveling public, and as directed by the agent of the Permitter. Work must be finished in the time specified on the permit.
3. When the proposed work is completed, the Permittee shall repair the roadbed and replace the surfacing material thereon and shall leave the said road in as good or better condition as it was before any action by the Permittee, insofar as the road is affected by the Permittee.
4. If the subject of the permit or license fails to pass final inspection, the Permittee will remove or replace the same within such time as specified by written notice from the Permitter or if at any time hereafter, any material used by the Permittee in replacing or reconstructing any part of said highway proves defective, the Permittee will replace the same with the kind and quality specified by the Permitter.
5. If title and possession of any property placed upon the right-of-way by the Permittee remains in the said Permittee, the Permittee shall and will promptly perform all necessary repair which work upon written notice from the Permitter, and will not permit or allow any condition to exist could be a hazard or source of danger to the public.
6. If at any time hereafter, the right-of-way or any portion thereof, occupied and used by the Permittee, may be needed or required by the Permitter, any permit or license, granted in pursuance of this application, may be revoked by the Permitter and all rights thereunder terminated. Upon sufficient notice, the Permittee shall and will remove all property belonging to said Permittee.
7. In the event that the work to be done under the authority of the Permit necessitates the creation of any hazard or source of danger to any person or vehicle using said highway, said Permittee shall and will provide and maintain at all times, during the existence of said hazard, sufficient barriers, danger signals, lanterns, detours, and other such measures of precaution as the Permitter shall direct.
8. If the work to be undertaken is of such a nature or character that the Permitter deems it necessary that said work be laid out, or inspected by the Permitter, the Permittee will defray any and all expenses incurred by the Permitter, and herein agrees to reimburse the Permitter. For that purpose the Permittee will deposit with the Permitter a sum of money in the amount necessary to cover all costs incurred by the Permitter.
9. Permittee shall never install any underground device on the shoulder of the road or in the bottom of a roadside drainage ditch except by written permission from Apache County.
10. Permittee must provide a complete traffic control plan and approved prior to road work

construction by the Engineering Department.

11. Permittee must provide a Certificate of Liability Insurance to include Apache County as additional insured prior to permit approval.
12. All exposed trenches must be covered during any departure of construction work during either day or night time hours.
13. The Permittee must provide either a site safety plan, construction plan or written scope of work for approval prior to the issue of the ROW permit by the Apache County Engineering Department.
