

What's New For 2026-2027

Important Updates

JULY 14, 2026

Changes in Policies and Procedures

Bell to Bell Cell Phone Policy and Procedure

Massachusetts is expected to enact legislation that will significantly limit student access to personal electronic devices during the school day. In anticipation of these statewide changes, and in support of our commitment to providing focused, engaging learning environments, our district has updated its cell phone policy and procedures for

the 2026-2027 school year. We encourage all families to review the new expectations with their students before the first day of school.

Arriving After the Bell - Tardy Policy and Procedure

Arriving to class on time helps students begin each lesson prepared, minimizes disruptions to instruction, and supports academic success. For the 2026-2027 school year, we have updated our tardy procedures to promote consistent expectations and accountability for all students. We encourage families to review the policy with their student so everyone understands the expectations and available supports.

Tardy Policy and Procedure

Student Absences

Regular school attendance is one of the most important factors in a student's academic success. Our updated attendance policy aligns with Massachusetts requirements and outlines procedures for reporting absences, documenting excused and unexcused absences, and supporting students who experience chronic absenteeism.

We encourage families to review the policy so we can work together to ensure every student has the opportunity to learn, grow, and thrive.
