

### **Notice of Child Find**

Fremont County School District #2 is responsible for Child Find identification and evaluation for all students suspected of having a disability residing in the district. This includes children aged 3 through 21 years who are in public schools or private schools, are being home-schooled, or are kindergarten-eligible but not enrolled. Early identification and intervention are essential to help ensure school success.

If a child is having significant difficulty with vision, hearing, speech, and behavior and is experiencing slow development typical for his/her age, physical impairments, or learning difficulties, he/she may be a child with a disability. For support, referral, or evaluation, please contact Dr. Annette Walters, Superintendent / Special Education Director, at 307-455-5545

The district provides voluntary Child Find screening services through coordination with Child Development Services of Fremont County. Fremont County School District No. 2 meets the mandated Child Find requirements of the Individuals with Disabilities Education Act.
