Dear Parent/Guardian:

Children need healthy meals for overall nutrition and academic success. The Paramus Board of Education offers healthy meals every school day and your child may be entitled to receive a free or reduced-cost lunch in the elementary schools, middle schools and the high school.

The Paramus Board of Education is also excited to announce a new breakfast program for elementary, middle, and high schools, starting in the 2025-2026 school year. This program will give students a healthy, nutritious breakfast to help them stay energized and focused throughout the day.

The School Meals and Summer EBT application is available on-line through the Genesis parent portal account: www.paramus.k12.nj.us/ppsd/Parents. You will be able to access, complete and electronically submit the form. The processing of an application can take up to 10 operating days. Once you have submitted an application and it is processed, you will receive an Eligibility Notification letter with your child's meal status. This letter will be uploaded through your Genesis parent portal account under the documents tab. It's important that you check your account periodically.

If you prefer not to apply on-line, you can access a paper application by visiting our district website (www.paramus.k12.nj.us). DO NOT complete an on-line application if you submitted a paper form. THIS WILL DELAY YOUR APPROVAL PROCESS.

Only one application is required per family household. The application will be kept confidential. Please note that the application and instructions are available in different languages. Please visit the USDA website, <http://www.fns.usda.gov/school-meals/translated-applications> to select the translated application you prefer to complete.

Sincerely,

A handwritten signature in cursive script that reads 'Brooke Bartley'.

Brooke Bartley
Business Administrator/Board Secretary
