

# SCOIR

Paramus High School is pleased to announce that we have implemented a new college guidance management system called Scoir (pronounced "score") for grades 9 - 11. **Our current seniors, the Class of 2022, will continue to use Naviance until the end of the 2021-22 school year.** Scoir is a new, modern online system that will streamline the process of requesting, processing, sending, and tracking the electronic delivery of all application-related documents. More importantly, it's much more helpful for students and parents during the college search and selection process. On Scoir, colleges come to life through pictures, videos, and links that highlight active student clubs and organizations. This better enables students to identify colleges that are a good fit with their personal and academic interests, which increases college retention. Scoir also provides parents with useful financial calculators so you can determine the likely cost of attendance at different colleges and consider the affordability when deciding where to apply. These features, along with more convenient scheduling and communication tools, will help keep everyone informed and engaged throughout the college application process. Scoir exists to help students achieve more positive outcomes, and we're excited that our students have access to this system and the opportunities it provides. Tenth and eleventh-grade students and parents have been invited to register their Scoir accounts. If your invitation expired please contact the School Counseling Department (ext: 3111 or 3114).

You can access your Scoir account at [app.scoir.com](https://app.scoir.com).
