The PSAT will be offered in October 2023 to 10th and 11th graders. There are **three possible PSAT test dates** this year.

- **Primary:** Thursday, October 26
- **Alternate:** Tuesday, October 31
- **Saturday:** October 14

The PSAT is administered by each high school on an individual basis (rather than at designated test centers like the SAT). This means that high schools get to decide which date to offer to students.

Dates are arranged between counselor and armed forces recruiter. Typically, in mid-October.
