

Good afternoon,

With support, the Office of Indian Education has created a satisfaction survey for the Fort Washakie Buffalo Days events held from May 4 to 8, 2026. The goal is to gather feedback to improve future Five Buffalo Days and other cultural events. Please allow your students time to complete the survey designed for their grade level. The results will help us offer students more meaningful connections to the community, culture, and experiences.

Elementary School Survey:
