

Addenbrooke's in-house afterschool program is currently at full capacity. Due to licensing regulations, age requirements, and increased enrollment, we are unable to accept additional students at this time.

Families who wish to join the waitlist for the in-house program may contact **Bailey Mazurek** at **bmazurek@addenbrooke.org**. Please note that waitlist movement has been limited.

As an alternative, the YMCA partners with Addenbrooke to provide afterschool care for families. The YMCA program serves students starting at age 5. A YMCA bus transports students from Addenbrooke at dismissal to their facility, where care is provided until 6:00 PM. The program offers structured activities in a safe and supportive environment, including time for homework, social interaction, and enrichment.
