MUSTANG POST

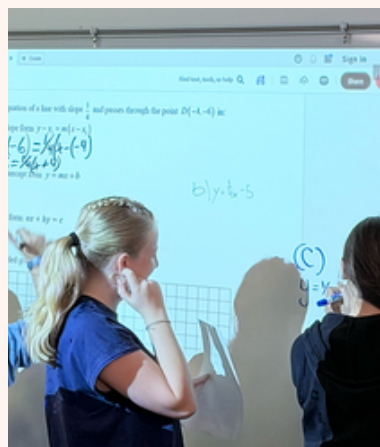

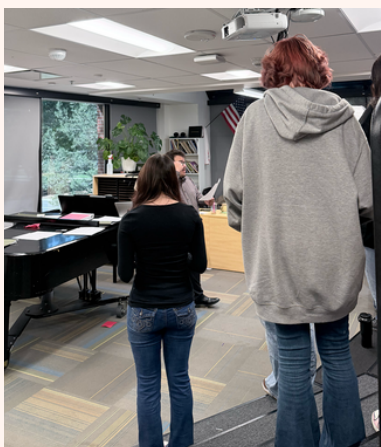

A WORD FROM THE PRINCIPAL

The good, the true, and the beautiful are called the transcendentals because they are the things worth pursuing for their own sake. At Addenbrooke, we pursue those things in every part of our curriculum. We do this, not because of their practical application, but because of the innate value found in them. The human soul is fulfilled by such a pursuit.

A classical education isn't about reading old books or preserving "the good ole days" but about transcendent realities and ideas that have stood the test of time; that is to say they will transcend time, technology, and progress. It is a privilege to lead staff and teachers that help students in this pursuit each and every day.

APPLY FOR FEES TO BE WAIVED

Lunch is free for your students, but you may also be eligible for your other school fees to be waived as well. In order to do that, you must apply through Denver Public Schools (because they provide our lunch). If you have not done that, [apply here](#).

This is helpful for you, but it is also helpful for Addenbrooke and for DPS since DPS will be refunded by the federal government for meals they serve your student. Please apply.

DRESS CODE

Dress code is always an issue. Every year students test the limits of the dress code. We always do our best to enforce it fairly. At the beginning of the year we are a little more lenient, but by now everyone should have read the dress code found in the handbook and had time to make sure they have appropriate clothes.

We will be enforcing the dress code more strictly moving forward. We are always open to answering questions about the dress code for our students, but saying, "I didn't know" or "I don't have clothes that are dress code" are not sufficient reasons for being out of dress code.

[You can read the dress code here.](#)
