MHSEC SCHOLARSHIPS

General Directions

- **Criteria:** Review the list of scholarships to determine if you meet the criteria. Please don't waste your time or the time of our donors by applying for scholarships in which you do not meet the basic requirements.
- **Application Process:** The procedure for applying for many scholarships continuously changes year to year so read and follow all directions carefully.
- **Deadlines**: Make sure you pay attention to deadlines.It is very important that you check the deadline date and whether an application must be "postmarked by the deadline date" or "received by the deadline date" as there is a difference. Late and/or incomplete application packets are almost always thrown out! If you begin working on a scholarship several weeks before the due date, it will give you time to pull together letters of recommendation, transcripts, and do a better job writing essays. Sloppy, last minute applications are rarely given much consideration. Show that you really want and deserve the scholarship by putting together a high quality packet.
- **Transcripts:** If an "official" transcript is required you can get it from the counseling office's registrar. It is recommended that you request transcripts a minimum of two weeks in advance of the due date.

Letters of Recommendation: Letters of recommendation are extremely important. Make sure to give teachers, counselors, administrators, coaches, pastors, club advisors, employers, etc. **at least two weeks time** to write a recommendation. **DO NOT** ask a relative; choose someone who can write a letter with enough knowledge about you – not someone you just met two months ago. When you ask someone to write you a letter of recommendation, give him/her a copy of your General Scholarship or use the form on the last page to prompt them about your accomplishments and supply them with a description of the scholarship requirements. This will help them say things about you that relate to the requirements of the scholarship.

- **MHS Early College General Scholarship Application:** Many of the local community and school scholarships require this application form. Therefore, it makes sense to invest time into making it the best you can. Make sure to save it for future use or editing. It is your responsibility to turn in a completed printout of this application with every scholarship you apply for that requires the General Scholarship Application.
- Access the MHSEC General Scholarship application in the counseling office or by accessing the google link.
- If you have questions see the following people Mrs. Raya, registrar, Mrs. Cardoso Senior Class counselor.

*There are several scholarship search sites on the internet. Below you will find a few to get you started. **(REMEMBER **You Should Never Have To Pay To Apply For A Scholarship**)** Legitimate scholarship foundations do not charge application fees or guarantee a scholarship! The Federal Trade Commission (FTC) cautions students to look for tell-tales lines: For more information visit the FTC's website.
