August 3, 2026

Dear Students and Families,

I hope this letter finds you well and that you have enjoyed a wonderful summer! Summer is a great time for students to step away from the routines of school, enjoy the outdoors, and spend quality time with family and friends. It is hard to believe that we are already into August, with just about a month remaining before the start of another exciting school year.

As the principal of Minnesota Valley Education District, I take great pride in leading an outstanding team of teachers, paraprofessionals, mental health practitioners, social workers, and many other dedicated staff members. Every day, they invest an incredible amount of time, care, and energy into providing students with a meaningful, supportive, and impactful educational experience. I am excited to welcome our staff back as we begin preparing for another successful school year.

During my first year as principal at MVED, I was truly grateful for the opportunity to get to know many of you, the parents and guardians of our students. Strong partnerships between home and school are essential to a child's success, and I look forward to continuing to build those relationships this year while also getting to know the families who are new to MVED. Together, we can create the best possible learning environment for every student.

I hope you continue to enjoy the remainder of your summer. The first day of school will be here before we know it! If you have any questions about the upcoming school year, please don't hesitate to contact me.

We would also like to invite all of our families to our Open House on Thursday, September 3, from 3:30–7:30 p.m. at MVED. Please stop by with your child to meet our staff, see the building, and kick off the new school year with us. We look forward to seeing you there!

Enjoy the rest of your summer, and we can't wait to welcome everyone back soon!

Sincerely,

Tanner Schraw
