Dear Parents/Guardians,

As part of our commitment to keeping you informed, we want to share information about our school's performance. Each year, the Kansas State Department of Education provides a School Report Card for every school in the state. The report card includes important information about Stockton Grade School, such as:

- Academic performance on state assessments
- Student growth and progress
- Attendance
- other indicators of school success

You can view our school's report card by visiting the Kansas State Department of Education website:
<https://ksreportcard.ksde.org/>.

The information in the report card is required by federal law. We encourage you to review this information to learn more about our school's performance and progress. Our staff uses this data to guide instruction, strengthen our MTSS framework, and improve outcomes for all students.

Where possible, information will be reported by race/ethnicity and socioeconomic status of the students and include two years of results. If you have any questions about the report card or would like help understanding the information, please feel free to contact our office. Thank you for your continued support and partnership.
