WAY TO GO, SK GIRLS!

Scrip Fundraising

Did you know that many gift cards and eGift cards are reloadable? Reloadable cards make it easier and more convenient to shop, earn, and manage your gift and eGift cards. Instead of replacing used up cards, you can keep using the same card and add funds whenever you need them. No more leftover balances across many cards or scanning multiple cards at checkout.

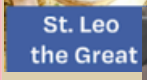

Add the gift cards to your "Wallet" which is located at the bottom of the RaiseRight app for easy reload.

For extra convenience, add your reloadable gift card to participating payment apps, like Starbucks, then simply reload funds from your RaiseRight Wallet. Your balance updates automatically in both places, so your favorite brand apps are funded and ready to use.
