### February/March 2026 Superintendent's Newsletter

Dear Parents and Community Members,

Parents, it is very important that if your child is out or going to be late, you notify the front office **by 8:00am**. You may leave a message before 7:00 am on the main school number if needed.

REMINDER: YPS needs to limit the number of over-the-counter medications it is giving to students (Ibuprofen, Tylenol, Tums, cough drops, and feminine hygiene products). We will keep a limited quantity on campus for emergencies, but if these items are something your child needs on a regular basis (more than once or twice during the year), you will need to bring a supply for your child and we will lock it up in the Health Office. Our practice going forward will be to call home to see if you would like to bring medication to your child, should they request it; if not, they will return to class without it. We can make a **one-time exception** and give medication from our limited supply (most students have already used this), but we cannot do it on a regular basis. High school students may bring and keep cough drops in their possession so long as they do not give them to other students.
