SUNY PURCHASE COLLEGE

On October 21, ReStart Academy HS and HSE students visited SUNY Purchase for an exciting college exploration experience. Students enjoyed lunch in the dining hall alongside college students and toured the campus, including the library, residence halls, classrooms, and performing arts spaces.

Students left the visit inspired, sharing that they could envision themselves attending SUNY Purchase in the future.

Thank you to Pathways to Purpose and AP McLeod for organizing this wonderful opportunity and to our HS and HSE support staff for chaperoning and supporting our students!
