NEW BUSINESS

1. August 2024 Financials – Joann Miguel, Dean of Finance

The Dean of Finance reviewed the August 2024 Financial Report with the TOCC Board of Trustees. Investment strategies are being explored to be integrated for Fiscal Year 2026. Graphs were developed to present the financial information to be understandable as possible. The BOT members were appreciative of the visual conveyance.

A motion was made to accept the August 2024 Financial Report as presented.

MOTION: Motion by Treena Parvello, Seconded by Mary Bliss to accept the August 2024 Financial Report as presented.

VOTE: 4 FOR, 0 OPPOSED, 0 ABSTAIN, 0 ABSENT

2. Human Resources Report – Joseph Renegar, Interim Human Resources Director; Chloe Begay, Human Resources Generalist

Interim HR Director Renegar reviewed the September 2024 Resource List and Employment Vacancy Activity Logs. HR Generalist Begay reviewed the Employment Vacancy Activity Log for the Chief Human Resource Officer position.

There was a concern that deceased employees were never listed as 'Separations' in the past. By consensus, the BOT preferred that this not be practiced in the future.

A motion was made to accept the Human Resources Report for September 2024 as presented.

MOTION: Motion by Mary Bliss, Seconded by Treena Parvello to accept the Human Resources Report for September 2024 as presented.

VOTE: 4 FOR, 0 OPPOSED, 0 ABSTAIN, 0 ABSENT

3. TOCC Institutional Review Board (IRB) Membership Appointments – Dr. Stephen Schoonmaker, President

TOCC's IRB will have seven (07) members. Five individuals will be from TOCC. Two members will be from the community. All appointees will be enrolled members of the Tohono O'odham Nation.

President Schoonmaker is in the process of reaching out and securing acceptances from individuals. The TOCC Himdag Committee recommended a committee member recently.

Dr. Schoonmaker respectfully requested that this item be tabled until names can be forwarded for the board's consideration. By consensus the BOT was in agreement.

4. 2024 Campus Safety and Security Survey (CSSS) – Sylvia Hendricks, Director of Student Life

Director Hendricks shared information regarding the annual CSSS report which documents TOCC Security and Student incidents at all campus sites. There were zero (0) crimes to report. TOCC is required to post the CSSS on the college website which was completed on September 30, 2024.

The survey is conducted in order to comply with the Department of Education – as a participant - in the federal student assistance program. TOCC must provide crime and fire statistics for the prior three years, namely 2021, 2022 and 2023. This annual survey is part of the Jeanne Clery Act which endeavors to "empower colleges and universities to create campuses that are safer for every student, every day."

A motion was made to accept the 2024 Campus Security & Safety Survey report as presented.

AIHEC Grant Opportunity: Entrepreneurship Hub – Dr. Stephen Schoonmaker, President

Dr. Schoonmaker presented information regarding interest from the EPA for AIHEC, the Decade Project (TDP) and cDots and 1-2 other TCUs as Statutory partners to apply for a grant. The program would create – through physical renovation and programming – a Tribal Entrepreneurship HUB (TrE-HUB) at TOCC focusing on entrepreneurship in food systems, clean energy, water, and Tribal lands. AIHEC will be the lead of the grant.

A letter of intent is required. The deadline to respond is October 18, 2024. With the recent success and growth of the college's Apprenticeship Program, which includes contacts with high school programs and Tohono O'odham Nation agencies, the potential for leveraging this grant opportunity to support entrepreneurial business enterprises throughout the Nation is present and significant.

A motion was made to approve the college in proceeding with the Letter of Intent for the AIHEC grant opportunity: Tribal Entrepreneurship HUB as presented.

Note: Data is sourced from Jenzabar and the board approved budget.

Tohono O'odham Community College (TOCC) is in a stable financial position, reflecting its commitment to providing education to a diverse community. As of September 2024, TOCC's total assets are \$39M, indicating strong financial management and liquidity. The college has effectively reduced its liabilities to \$18M, enhancing its financial stability especially since most of the liability balance is deferred revenue. Net assets are robust at \$25M, with unrestricted net assets providing operational flexibility.

TOCC's cash flow remains positive, driven by strong operating cash flow. Overall, TOCC demonstrates financial resilience and is well-positioned to continue its educational mission effectively.

Unrestricted expenses continue to be under budget year-to-date with 83% remaining compared to the target of 75% remaining as of September. All departments are below the budget target percentage. In total, the largest category of unrestricted expenses is employee compensation and related benefits, which are 5% below budget as of this month mostly from open positions included in the budget.

FINANCIAL HIGHLIGHTS

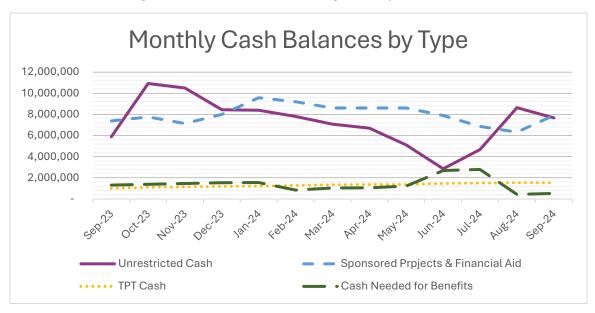

Cashflow: The chart below breaks down the total cash balance for the last 13 months by the following categories:

- 1. Cash Needed for Benefits represents the outstanding balance payable to TON which was reduced in August as invoices have been received and paid. For June and July this line also includes the funds due to SCAC.
- 2. TPT Cash restricted cash for AZ TPT State Construction Needs Funding (20-1400).
- 3. Sponsored Projects & Financial Aid restricted cash for net activities.
- 4. Unrestricted Cash the total cash balance less the amounts detailed above.

The BIE unrestricted funding for this school year has not yet been received and is expected soon.

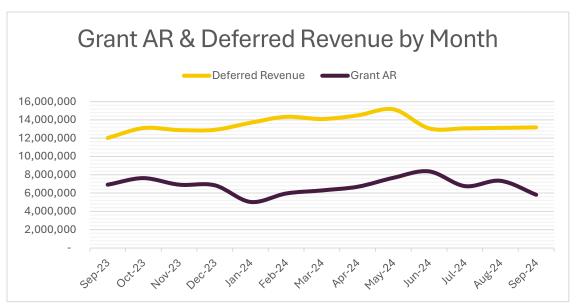

Drawdowns were processed in September for Pell Grants, NIFA Education for Sustainable Tomorrow: Food Sovereignty - (20-1508) and NIFA Extension Capacity Building Together III - (20-1541).

With average unrestricted expenses averaging \$770k per month year-to-date, there is enough unrestricted cash on hand to cover 10 months of expenses. The average non-profit organization carries 3 to 6 months, so the College has a strong cash balance. Once the BIE funding is received, this will increase significantly.

Sponsored Projects & Financial Aid:

The graph below shows the trend of both deferred revenue and grant accounts receivable over the last 13 months. The deferred revenue will decrease as restricted funds have been spent. Grant AR will decrease as drawdowns are processed and increase as additional funds are spent on restricted projects. For September, AR was reduced by \$1.5M in total after the drawdowns processed in September.

RECOMMENDATIONS / UPDATES

- The FY24 Audit continues to progress with follow up conversations ongoing with the auditors. A few adjusting entries are expected and are awaiting final approvals. These entries will mainly affect deferred revenue and restricted net assets.
- Fixed asset additions for the first fiscal quarter have been recorded along with depreciation year-to-date. Purchases of \$523k represent the final payments for the construction of the Language Arts building. All Construction in Progress and furniture purchased in prior years for this building have been placed in service.
- A review of the drawdown reporting process is recommended, and a meeting will be scheduled with Sponsored Projects staff after the audit is completed to gather requirements to create a template for improved reporting and calculation of indirect costs.
- The College should consider opening a money market account for excess operating cash or seek investment advice for other options. It would benefit TOCC to keep the excess in an interest-bearing account. Restricted funds should be reviewed for any grants that might require a separate account

SUBJECT: PROGRAM APPROVAL: CERTIFIED NURSING ASSISTANT

DATE: 09/14/2024

CC: EVAN THOMAS, SPECIAL ASSISTANT TO THE PRESIDENT

<u>Background:</u> The Education Division and the Sustainability Division, through their Workforce and Community Development Office (spearheaded by Anselmo Ramon), have been collaborating with Tohono O'odham Nation Health Care (TONHC), specifically with Dr. Merlin Curry, to create a Certified Nursing Assistant (CNA) Program.

<u>Justification</u>: TOCC is currently collaborating with Pima Community College (PCC), through Ms. Carol Williams, to start the CNA program in January 2025. However, that program is under the auspices of PCC and not of TOCC. We would like start the approval processes to be able to offer the CNA program independently from PCC.

<u>Action Requested:</u> Request BOT to review and approve the proposed program.

<u>Recommendation:</u> The approval of the new program will help TOCC to continue working toward becoming the premier educational institution in the Nation while providing new employment opportunities for its members.

HIMDAG COMMITTEE REVIEW AND APPROVAL 3 YES 0 No. 10/18/2024 Frances Benavider
Frances Benavidez Signing on Behalf of the Himdag Committee

1. Name of Initiator(s)

Mario Montes-Helu Laura Sujo-Montes Anselmo Ramon Merlin Curry, MD Vaness Nunez, RN

2. Name of proposed degree or certificate: (indicate whether AA, AS, AAS, CRT, MC, etc.

Introduction to Nursing Assisting. Includes body systems and common diseases, basic nursing assisting skills, providing client, restorative, long-term, and home health care; and certification requirements.

3. Description of proposed degree, certificate, or micro-certificate

Completing these courses and the Certified Nursing Assistant (CNA) or Licensed Nursing Assistant (LNA) certification exams can lead to employment in a variety of different careers. Here are some examples of occupations related to these courses with associated annual median wages. Some careers may require additional education or training. Source: U.S. Bureau of Labor Statistics.

4. Statement of purpose for the new program, certificate, or micro-certificate

Successful completion of these courses will prepare you to take Arizona's Certified Nursing Assistant (CNA) or Licensed Nursing Assistant (LNA) certification exams.

Nursing assistants provide care that is vital to patient health and safety in a variety of healthcare settings, including:

Doctor's offices, Clinics, Long-term care and assisted living facilities, Hospitals and other healthcare settings

5. List three to six Program Level Outcomes for the proposed degree, certificate, or micro-certificate, and describe how each of those outcomes can be measured. (Complete curriculum map in Attachment B)

- a) Assist patients with activities of daily living, including at mealtime, and walking and activities of daily living
- b) Check vital signs
- c) Communicate effectively with patients, their families and health care teams
- d) Report unusual occurrences or incidents to the nurse in charge
- e) Maintain a safe patient environment

6. Describe how the proposed degree or certificate aligns with the College's Mission and Vision.

This micro-credential will provide an opportunity for students who seek employment to have immediately marketable skills upon completion.

7. Describe how the proposed program supports the O'odham Himdag.

Students who pursue healthcare also pursue their own health and the health of the community. We will work to integrate the O'odham language, traditional practices, and sustainable work-life balance. The CNA class contributes to O'odham Himdag by providing the formal education and recognition for the Nation to provide care from within the community.

8. Describe how the proposed program addresses employment needs of students.

Students who complete the micro-credential and achieve certification will immediately qualify for employment within the Nation's healthcare system. There are current job openings and there will be more in the future.

Note: The average out-of-pocket cost to a student for this course is \$926.

- (Section I. General Education). If a degree, which AGEC will be used? If certificate which general education classes will be used? (note: THO 101 and HIS 122 must be included in all degrees and certificates as part of general education)
 N/A
- 10. What are the core class requirements (Section II)? (Please include as attachment of course descriptions with learning outcomes for each course.

Prerequisites:

Accuplacer test results (reading, arithmetic and WritePlacer)

Arizona Department of Public Safety fingerprint clearance card: Level 1

Proof of health insurance

Physical exam report

Tuberculosis (TB) skin test results

Immunization record

Proof of American Heart Association BLS certification

Drug testing may be required

11. (Section III) How many electives will be allowed for this degree and what are the boundaries for selecting electives (ex. Degree in education may require that all elective be an EDU class)

N/A

Using answers to questions 7, 8, and 9, complete the Program of Study in Attachment A

12. If this is a degree and the degree exceeds 60 credits, what is the justification?

This is a microcredential (state certification) that allows for workforce development. It is not awarded college credit at this time.

13. How will the proposed degree or certificate link to other degrees or certificates in area of concentration? What degree of overlap will there be? What kind of student interest is expected in terms of student numbers and how did you arrive at that estimate.

Arizona State Board of Nursing-approved courses

80 hours lecture and hands-on skills laboratory instruction

40 hours clinical instruction at long-term care facilities and hospitals

Eligible for federal Workforce Innovation and Opportunity Act funding

14. What instructional staff will this program require? (Will the College have to hire additional persons, provide more logistical support, or other resources?

The college has made arrangements to run this initial offering through Pima Community College. TOCC will need to contract with a nursing provider to function as a liaison for the students and to ensure that TOCC is prepared to offer this class independently in the future. This person has been identified, her name is Vanessa Nunez, she is a nurse that works for TONHC.

<u>Background:</u> The Education Division and the Sustainability Division, through their Workforce and Community Development Office (spearheaded by Anselmo Ramon), have been collaborating with Tohono O'odham Nation Health Care (TONHC) and the Tohono O'odham Nation Fire Department (TONFD) to create an Emergency Medical Technician (EMT) certificate.

<u>Justification</u>: Health professions are in high demand inside and outside the Nation. We have a Pre-Professional Nursing program that is for transfer. However, we do not have any direct employment programs in the health fields. The EMT program will cover this need and will provide employment opportunities to members of the Nation who otherwise would need to travel to Tucson to get this training.

HIMDAG COMMITTEE REVIEW AND APPROVAL 3 YES 0 No. 10/18/2024 Frances Benavidez - Frances Benavidez signing on Behalf of the himdag committee

1. Name of Initiator(s)

Mario Montes-Helu Laura Sujo-Montes Anselmo Ramon Merlin Curry, MD John Wright, NRP

2. Name of proposed degree or certificate: (indicate whether AA, AS, AAS, CRT, MC, etc.

Emergency Medical Technician - State and National Certification.

Emergency Medical Technicians work in many environments, mostly on ambulances. Responding to 911 calls, transporting patients between hospitals, they may work for fire departments, police, or privately employed with ambulance companies. For example AJ's ambulance, Ajo Ambulance and Tohono O'odham Emergency Medical Services (TONHC).

Microcredential: A single semester course that qualifies the successful student to sit for the National Registry of EMT's certification exam, obtain a State of Arizona certification and qualify for immediate employment as an EMT.

3. Description of proposed degree, certificate, or micro-certificate

As a microcredential, the Emergency Medical Technician course will consist of one class, for a total of 9 credit hours. Students in this program are taught and evaluated on knowledge,

skills, and attitude. The class is delivered in three ways. First, in the classroom using interactive lectures. In the skills lab for hands-on learning, and in the hospital and on the ambulance for real-life experience (clinicals). Class sessions may be 2, 4, or 8 hours in length with appropriate breaks, depending on the schedule needs.

Content for the course is determined by a National Standard Curriculum. This course and certification as an EMT is required before continuing to Paramedic certification. Offering this course at TOCC opens the door to develop an EMT certificate (for transfer) and a EMT Applied Science degree that includes certification as a Paramedic.

4. Statement of purpose for the new program, certificate, or micro-certificate

The credential is designed to provide participants with the necessary skills and knowledge to become gainfully employed in the Emergency Medical Services industry at the entry level. Besides being trained in advanced first aid and resuscitation, students will practice real technical skills necessary to succeed in the field caring for the sick and injured. This training will integrate cultural considerations, Himdag and Apedag, and the Tohono O'odham language.

- 5. List three to six Program Level Outcomes for the proposed degree, certificate, or micro-certificate, and describe how each of those outcomes can be measured. (Complete curriculum map in Attachment B)
- 1. Describe and implement methods of assessing and treating the sick and injured.

Assessment: Practical skills stations and final exam. Students who pass the course will qualify for State and National certification as an Emergency Medical Technician testing. Upon successful completion of the NREMT certification exam the student will be certified as an EMT. Arizona certification is renewed every two years and there are continuing medical education requirements for all certified EMTs to promote life-long learning and maintain current knowledge and treatments.

2. Distinguish and understand the different types of Personal Protective equipment and procedures involved in patient contact.

The EMT course will integrate safety at all levels of the program. This includes formal education on Personal Protective Equipment, Body Substance Isolation and Universal Precautions. Wearing masks, gloves and eye protection is mandatory. Sturdy shoes, rip resistant pants, and use of gowns and respirators are included. Vaccines may be required for ambulance or hospital learning experience (clinical education).

Assessment: These skills will be tested in the lab portion of the class, that include practical skills stations. Students meet in small groups of 3-4 with an experienced instructor, real equipment has been made safe and is used for training, and the students

perform their skills using a standardized checklist. These skills are then included in the national exam that is required for certification.

3. Identify and implement triage and selection to transport the sick and injured to appropriate facilities.

Students will learn components of disaster response including the National Incident Management System and protocols for mass casualty incidents. Students will learn how to triage patients to prioritize treatments.

Assessment: Discussion/participation, classroom observation, hands on demonstration in the practical skills lab.

4. Implement correct protocols and procedures for the treatment of the sick and injured and document findings and interventions.

Assessment: Discussion/participation, and written assignments, procedure demonstration, exams and quizzes, and classroom observation in the practical skills lab.

6. Describe how the proposed degree or certificate aligns with the College's Mission and Vision.

This credential will provide an opportunity for students who seek employment to have immediately marketable skills upon completion. Filling a current need in the community for entry level emergency medical workers to be employed at TONHC, TONHC-EMS, TOFD and other organizations on and off the Nation.

7. Describe how the proposed program supports the O'odham Himdag

Students who pursue the certification in Emergency Medical Technician will be introduced to O'odham language and traditional O'odham teachings through the integration of O'odham Language Preservation Center and the participation of community elders and traditional healers. As well as learning from the generation of O'odham EMTs that have been doing this work on the Nation for over 25 years. Being an EMT is an important role in the community and we hope to continue the traditions that are already established.

8. Describe how the proposed program addresses employment needs of students

Students who complete the program will be able to apply directly to entry-level positions in Emergency Medical Services including ambulance companies, fire departments, EMS agencies, Tohono O'odham Nation Health Care and Emergency Medical Services, Desert Diamond Casino Enterprise with locations in Tucson, Phoenix, and Glendale Arizona, US Forestry, AZ Department of Public Safety, TON Rangers and Police, Community Emergency

Response Teams, public and private ambulance service, film, manufacturing, mining and sports industries among a variety of opportunities.

9. (Section I. General Education). If a degree, which AGEC will be used? If certificate which general education classes will be used? (note: THO 101 and HIS 122 must be included in all degrees and certificates as part of general education.

SUBJECT: PROGRAM APPROVAL: NATURAL RESOURCES MICRO-CERTIFICATE PROGRAM

DATE: 09/14/2024

CC: EVAN THOMAS, SPECIAL ASSISTANT TO THE PRESIDENT

<u>Background:</u> The Education Division and the Sustainability Division, through their Land Grant Office for Sustainability (spearheaded by Dr. Adrian Quijada), have been collaborating with the Arizona Conservation Corps (ACC) Tohono O'odham Nation Natural Resources (TONNR), directed by Mr. Richard Saunders, to create the Natural Resources Micro-Certificate Program (NRMP).

<u>Justification</u>: TOCC was approached by ACC personnel to collaborate in controlling and eradicating the buffel grass. This micro-certificate is designed to be direct employment and to help TONNR with wildlife and natural vegetation management.

<u>Action Requested:</u> Request BOT to review and approve the proposed program.

<u>Recommendation:</u> The approval of the new program will help TOCC to continue working toward becoming the premier educational institution in the Nation while providing new employment opportunities for its members.

Natural Resources Micro-Certificate Program (NRMCP)

3. Description of proposed degree, certificate, or micro-certificate

Micro-Certificate for "Natural Resources" (NRMCP) consists of one 3 credit course and two 4 credit courses, supported by a six-month hands-on field practicum worth 1 credit, for a total of 12 credit hours. The two courses will be delivered concurrently over a period of eight weeks each. Students in this micro-certificate will experience classroom learning for four hours per day, two days a week. The Field Practicum (lab) component is six-months of intensive "hands-on" field work and trainings, the Arizona Conservation Corps (AZCC) will carry out this part of the micro-certificate.

4. Statement of purpose for the new program, certificate, micro-certificate

The micro-certificate is designed to provide participants with the necessary skills and knowledge to become gainfully employed at the entry level in the natural resources management and conservation fields. Beyond being trained in natural resources land restoration and inventory and monitoring, students also receive "hands-on" field experience in conservation by participating in a six-month field practicum specifically designed to mesh classroom work with the practical field experience students need to compete for seasonal and full-time jobs with tribes, conservation corps', and federal land managing agencies.

List three to six Program Level Outcomes for the proposed degree, certificate, or micro-certificate, and describe how each of those outcomes can be measured. (Complete curriculum map in Attachment B)

PLO #1

Students are offered opportunities to connect and/or reconnect with the land by actively participating in extended field practicum land restoration work located on lands with strong cultural significance to Tohono O'odham People, making these areas more accessible to more people with the TON.

PLO #1 Assessment

Class in-field observation and participation, field practicum participation, field practicum final exam.

PLO #2

Students receive foundational learning, field training, and practical experience in conservation and natural resources management.

PLO #2 Assessment

Classroom observation, discussions, classroom participation, final course exam(s), in-field observation, field practicum participation, field practicum final exam.

PLO #3

Students receive the foundational learning, field training, and practical experience in conservation and natural resource management needed to gain entry level jobs with Tohono O'odham Nation environmental depts. PLO #3 Assessment

All through solid relations with TON environmental departments, and also via classroom observation, discussions, classroom participation, final course(s) exam(s), in-field observation, field practicum participation, field practicum final exam.

a) Describe how the proposed degree or certificate aligns with the College's Mission and Vision.

This micro-credential will provide a unique opportunity for students who seek employment to have marketable skills and hands-on practical field experience upon completion.

- 6. Describe how the proposed program supports the O'odham Himdag
 Students will learn from community elders about traditional Indigenous/ TON land
 management techniques and practices as TON cultural elements and traditional ecological
 knowledge are central to the NRMCP classroom and field practicum curricula.
- 7. Describe how the proposed program addresses employment needs of students

Students who complete the micro-credential in natural resources will be able to apply directly to entry-level positions with tribes, conservation corps and federal land managing agencies throughout Arizona, the desert southwest, the entire country.

- (Section I. General Education). If a degree, which AGEC will be used? If a certificate, which
 general education classes will be used? (note: THO 101 and HIS 122 must be included in all
 degrees and certificates as part of general education)
 N/A
- 9. What are the core class requirements (Section II)? (Please include as attachment of course descriptions with learning outcomes for each course.

```
ANR 122 Tohono O'odham Natural Resources and Conservation (3 Credits) (4 periods, 2 lectures and 3 field labs)

ANR 290N Wildlife Conservation (4 Credits) (6 periods, 3 lectures and 3 field labs)

BIO 105N-1 Environmental Biology (4 Credits) (6 periods, 3 lectures and 3 field labs)

Field Practicum (1 Credits) (6 Month Field Practicum with Arizona Conservation Corps)
```

10. (Section III) How many electives will be allowed for this degree and what are the boundaries for selecting electives (ex. Degree in education may require that all elective be an EDU class)

N/A

Using answers to questions 7, 8, and 9, complete the Program of Study in Attachment A

11. If this is a degree and the degree exceeds 60 credits, what is the justification

N/A

12. How will the proposed degree or certificate link to other degrees or certificates in area of concentration? What degree of overlap will there be? What kind of student interest is expected in terms of student numbers and how did you arrive at that estimate

The micro-certificate will be stackable with the Associate of Science in Life Science. This program will provide field work skills and natural resources management knowledge for students without an associate degree. Community members with a high school degree or an associate degree can take the field practicum, but to graduate in the program, are required to complete all the classes.

13. What instructional staff will this program require? (Will the College have to hire additional persons, provide more logistical support, or other resources?

One adjunct instructor (Hansen) to co-teach with LGOS Director, Introduction to "Indigenous" Natural Resources Management class of the Natural Resources Micro-Certificate. One experienced Indigenous natural resources management consultant (Elijah Small / Dakota Sioux) for one day to co-instruct with adjunct instructor "Indigenous Natural Resources Career Development Workshop." LGOS Director will teach ANR 290N Wildlife Conservation.

** DESCRIPTION OF THE FIELD PRACTICUM

Field Practicum Description:

TOCC students enroll fall 2024 and participate in six-month Field Practicum with Arizona Conservation Corps (AZCC). Field Practicum is designed to pivot from the two formal courses to a hands-on field experience that focuses on the areas of: 1) Natural Resource Restoration; 2) Resource Inventory and Monitoring; and 3) Invasive Species Management. Federal agencies provide projects that meet their backlog work needs and that mesh with one of the three NRMCP emphasis areas. Agency managers train students in the three emphasis areas via in-field project work and seek-out opportunities to mentor and hire NRMCP participants into entry level conservation jobs. Practicum experience prepares students for entry level positions with TON, other tribes, AZCC, and with federal land managing agencies. Practicum curriculum is vetted with federal agencies to ensure NRMCP field experience meets federal agency

hiring requirements thus establishing a sustainable conservation career track between the TON and the federal agencies. NRMCP graduates automatically qualify for a second three or six-month conservation crew position with AZCC and/or with any of the other dozen conservation corps programs around the country thus establishing a similar career path between TON and AZCC.

President's Report to the Board of Trustees

November 5, 2024

Dr. Ofelia Zepeda, Chair Tohono O'odham Community College Board of Trustees

Dear Dr. Zepeda and Members of the Board of Trustees,

It is an honor to submit to you my October board report. As we shift more deeply into the season of fall, and into the heart of the fall semester, activity on our campuses, and throughout the communities has maintained a strong pace. After fall break, we have continued to have regular volleyball practices/games on campus, the festive trunk or treat event, and the employee cleansing. Evan and I attended the Pisinimo District meeting as a launch to a Presidential Listening Tour of all 11 Districts, and met with the HRDC on campus at the end of the month.

Highlights from October, 2024:

Board of Trustees Report Laura Sujo-Montes, Dean of Academics Education Division October 2024

Issue	Discussion	Summary/resolution
Faculty Meetings	Curriculum Alignment	We started the month of October with faculty meetings during the first week of October. The task was to identify courses that will meet the new Arizona General Education Curriculum (AGEC). While the task is not finished yet, there was good progress in the identification of courses.
Professional Development	Higher Learning Commission (HLC) and other webinars	This month was busy with the HLC course for Accreditation Liaison Officers (ALOs), a role that I hold for TOCC. The course was finished and I also attended other webinars, such as one on micro-credentialing.
Certified Nursing Assistant (CNA)	Carol William's visit	Carol Williams, who is the director of CNA at Pima Community College, came to take pictures and check that everything needed to start teaching the class in January is ready. She will send all the documentation to the AZ Board of Nursing so TOCC is certified as a site of PCC to offer CNA. Our goal is to offer it one or two times under PCC and then offer it under TOCC.
Curriculum	Informational Item	Besides the programs in the presented items, the following courses were approved by both the Curriculum and the Himdag Committees: • PHY 122N. Fundamentals of Physics II. This course completes the science prerequisites for the transfer articulation with the Doctor of Veterinary Medicine from University of Arizona. • EDU 215: Structured English Immersion. This is a required course for teachers. The following San Carlos Apache College courses were reviewed by the TOCC Curriculum Committee: • APS 230/HIS 230: Introduction to Historiography: The Apachean Peoples • HIS 262: Women and Power Across History

O'ohana Ki:, October 2024

Issue/Point	Discussion	Summary/resolution
Databases/Resources procurement has been ongoing in order to support digital needs of students and OER/no-cost book requests.	O'ohana Ki: serves as academic support to instructors, staff, and students.	 Database Support Kanopy Tests for authentication are set to be implemented as the initial steps have been taken by TOCC IT and Kanopy Representatives. In the meantime, Kanopy has provided a temporary access code to use. At long last, e-books have been ordered via JSTOR. A preliminary list of 13 books supporting Tohono O'odham Studies has been ordered. Payment is pending. Resources A large order has been placed to replenish the Maker Space.
Archive/Curation Room	O'ohana Ki: will oversee the curation room in the O'odham Ñi'okĭ Ki:.	 Existing library items have been identified for creation of a collection in the archive. The two fellows and a library assistant have worked on identifying items. Item compilation has started. Shelving is pending; a requisition has been submitted.
Other Duties	Library staff assists when other departments/divisions need help.	 Adrienne Brown and Ethan Lopez, Library Assistants, assisted Admissions with a task related to a now-rescheduled BIE visit. Liz Zepeda, Library Director, has been assisting with the website redesign and communication related to updates.

Board of Trustees Report Dean for Sustainability Mario Montes-Helu, Ph.D.

Key Issues/Items Addressed in October 2024

Issues/Items	Discussion/ Situation	Summary/Resolution
Workforce and Community Development (WCD)	Tohono Kosin	The Tohono Kosin Team and President Schoonmaker discussed starting to use the Tohono Kosin to teach the Micro-Credential for Food and Beverage to members of the Nation. We are now reviewing the curriculum to take advantage of the facilities and ensure the students have the skills to work at the casino, any restaurant, or even start their own business.
	EMT and CNA	The WCD continues working with TONHC and the Education Department. The curriculum committee has approved the courses, and we are working to have them offered during the spring semester.
National Telecommunications Information Administration (NTIA) Grant	Computer Training	We will have our Desk Review (virtual) on November 8th, 2024. During this review, we will present the data, expenditures, etc., to NTIA to review the grant's progress. We made a lot of progress with the training, and trainees went from basic computer knowledge to learning Word, Excel, and PowerPoint.
IT Department	IT issues	The IT team and President Schoonmaker decided that we need more help in the IT Department due to our issues with Jenzabar training, integrations, and others. We hired a consultant to focus on the Jenzabar issues and train the staff responsible for using the systems. We continue meeting with the Jenzabar Working Group and addressing the Jenzabar issues that have an impact to the workflow of different areas of the College.
Land Grant Office of Sustainability	USDA-NIFA and NAAF Grants	Horseshoeing training for 10 days in San Xavier. After the successful 8-Weeks training last May, the grant had enough remaining funds to cover a 10-day horseshoeing training that would cover the needs of horses owned by community members at San Xavier. The cost of the training is \$39,000, which will cover the cost of three instructors, teaching materials, and

		bucket kits with all the tools and shoes that will be distributed individually to all attendees—the training will be held at the installations of the San Xavier Coop. The Native American Agriculture Fund (NAAF) has agreed to use the remaining funds for horseshoeing training in San Xavier. • Traditional Agriculture 12-Week Micro-Certificate. NAAF has granted TOCC \$149,690.00 to run a Traditional Agriculture Micro-Certificate program for one year to train in 12 weeks the basics of traditional agriculture at Wişag Koş Maşcamakud campus in the farm training facilities of the Agriculture Extension Program. The grant covers traditional and agribusiness instructors, materials, and a farmer kit for the 12 students attending and completing the training. Students taking this micro certificate will learn about agriculture skills and how to start and get access to capital to start agribusiness. • Youth Agriculture Day – November 20. This year marks the 15th anniversary of TOCC's Youth Agriculture Day, which the Agriculture Extension Program will organize. This event is an outreach opportunity to introduce Tohono O'odham High School students and community members to TOCC opportunities in traditional agriculture and the benefits of an associate degree at TOCC. The event will include a traditional ceremony, booth exhibits, guest speakers, and student activities.
Administrative duties	EPA Grant	Participated as a lead of the new EPA grant with AIHEC as a part of a partnership with Northwest Indian College. The funding will support a TrE-Hub so we can train Tohono O'odham community members and students in entrepreneurship-related activities.
Institutional Effectiveness Office	American Indian Measurements of Success	The AIMS report is being developed by requesting that different areas of the college provide the data used in the report. The IEO also provided the date of the College Economic Impact Study by Lightcast as part of the AIHEC's work with most tribal colleges.

Director of Student Life	Just a few Highlights for the month for October 2024:	
Monthly Highlights	> The month of October has been a busy month filled with a number of events and	
	meetings for students and staff that I've attended with staff and other departments	
	along with working on projects both onsite and virtually.	
	> The following are meetings and events I attended during the month of October:	
	 Weekly Admin Meeting on Monday morning 	
	 Himdag Committee Meeting- Every other Tuesday 	
	 Summer Bridge Planning Meeting- 10/2/2024 	
	 Facilities and Security Meeting- 10/3/2024 	
	 Meeting with Dean of Student Services- 10/14/2024 	
	 Meeting with President Schoonmaker- 10/15/2024 	
	o CHRO Search Committee Meeting- 10/16 & 29/2024	
	 Meeting with Residence Life Coodinators- 10/17/2024 	
	o Participated in Employee Cleansing- 10/18/2024	
	 Attended Curriculum Committee Meeting- 10/18/2024 	
	 Virtual Meetings w/Student Life Department Staff- 10/28/2024 	
	 Attended Decompensation Awareness and Response Training- 10/29/2024 	
	Quick highlights on a few meetings and events attended:	
	 On Wednesday 10/2/2024, Student Life Director and Residence Life 	
	Coordinators met with the Dual Enrollment Coordinator and Recruiter on a	
	Summer Bridge Project. They wanted to meet regarding the possibility of	
	dorm space for the Bridge Program. It was a great session and with early	
	planning would be a great program for incoming high school graduates.	
	 Scheduled a meeting for Facilities and Security on Thursday 10/3/2024, 	
	discussing and coming up with solutions for the following:	
	 Automatic Door Locks (open and locking issues) 	

	 Outdoor lighting as it begins getting dark for late classes and staff working late. Which also involved and making sure Security is onsite to escort staff and students needing this service? Attended a training set up by the Counselor and Student Success Coordinator called "Decompensation Awareness and Response Training". This training is designed for the non-clinician when faced with students or staff that are distressed and have exhausted their natural ability to compensate. I also required for all Student Life Staff to also attend the training. I also continue to meet and work with the Food Program, Security, Wellness/Athletic Program and the Residence Life staff on projects they are working on, making sure they have all the resources they need to complete projects.
Food Program Information	 Just a few of highlights in regards to the Food Program: The Food Program continues to provide healthy and great meals for our students and staff. Along with providing special meals for visitors upon request. The Food Program have set up their office space and more storage areas as mentioned in last month's report in the area occupied by some of the Language Staff before moving into their building. For this past month (October) the Tohono O'odham Council Session had their weekly sessions in the I-wemta Ki: Patio and are scheduled for November and December session the use of the patio. The Vice Chairwoman for the Legislative Council through Facilities have requested for lunch which the Food Program has graciously provided and are scheduled for 2 days of the week they will be in session in November and December.
Community relations and outside college contacts	All areas of Student Life as well as the Athletic/Wellness Program have been collaborating with other programs on and off the nation and within the TOCC departments.

Anne Miguel & Luke Vavages- Residence Life Coordinators (RLC) Key Issues/Items addressed in 2024 October

Issues/Items	Actions/Assessment
Current Residents	 13 Women and 17 Men reside in the Residence Life dorms. Spring registration has opened, students were notified to register early 2 students applied for Intern positions with the Agriculture Program and Student Services. Both students were hired and have started their internship. 2 students placed 1st and 2nd place in the Halloween custom contest. 2 students won 1st and 2nd place in the dorm room decoration contest
Preparation of Physical Structures	 Minor repairs are being entered into the School Dude program and were quickly addressed and resolved, A/C Units in all Dorms have been working. The thermostats in each room are Set at a certain temperature and monitored for any problems. Electronic keys work for the most part, however we are noticing when there are power outages the doors lock and keys must be reset. Cameras for the outside of the dorms and cable services ongoing

Alarm System	Alarm system needs repair to stop the constant beeping. This is an ongoing project.
Residence Life Coordinator	 Residence Life Coordinators and Director continue to meet regularly to update applications, concerns from students, and staff. Partnered with Student Services and the Student Success Coordinator in setting up workshops and purchasing snacks, water, and Gatorade for student residents. This month workshop topics were on time management and study skills Learning O'odham songs has started this month with 5-6 students gathering in the evenings with a RLC and a student volunteer to learn and sing songs. RLCs attend Himdag Committee meetings, event meetings, and all staff meetings when schedules permit. Both RLC attended Decompensation and Response Training. Monthly events for Residence students in October included: Students participating in the 40th annual Native American Recognition Parade in Phoenix Az. A movie night in Tucson Food cooking demonstrations by kitchen staff Fall Gathering event Waila Festival Haunted House event Arizona State Fair 2 TOCC Volleyball teams participated in the Volleyball League at the Sells Recreation Center, and the Hickiwan District Mud Volleyball Tournament with one team placing 3rd. Students and RLC participated in the annual cleansing.
Resident Assistants	RA's and other students assisted with hosting games at the Trunk or Treat Event,

Valentine Lee- Lead Security Key Issues/Items addressed in 2024 October

Issue/Items	Actions/Assessment One incident at the dorms. Security assisted Residence Coordinator on duty with an incident that resulted with student picked up with parent's involvement to residence program in Tucson.	
Student Issue/Disciplines		
Incidents reports	 2 report for this month both involved illegals on campus: The first one border patrol and Tohono O'odham Police were chasing the vehicle which stopped here to drop his car load (people). The second one was on the same day as another illegal drove onto the property and was hanging around. Both Border Patrol and TOPD came and took the male into custody and towed his vehicle he came in. 	
Security Staff	 The college had two event this month the fall event and Halloween Trunk or Treat event. Security has been checking on both campuses and sometimes the doors are not secure over the weekends or after hours. Security continues help each other cover shifts when needed.
