District Wellness Committee

Thursday, April 2, 2026

4:30 – 5:30 pm

<https://meet.google.com/ouh-hhnt-pmt>

- I. Welcome
 - a. Notice of Recording
 - b. Attendance
- II. Items for Discussion
 - a. Review/Approve recommendation to Superintendent
 - b. Goal setting using Local Wellness Policy Activity and Assessment Tool
- III. Items for May 7, 2026
- IV. Adjourn and Stop Recording

Wellness Committee

Committee Role and Membership

BCSD will convene a representative district wellness committee (DWC) that meets at least four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation, and periodic review and update of this district-level wellness policy.

The DWC membership will represent all school levels (K-8) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (ex., Chartwells director); physical education teachers; health education teachers; school health professionals (ex., health attendants) and mental health and social services staff [i.e., school counselors, psychologists, social workers, or psychiatrists]; school administrators (ex., superintendent, principal, vice principal), school board members; health professionals (ex., dietitians, doctors, nurses, dentists); and the general public. To the extent possible, the DWC will include representatives from each school building and reflect the diversity of the community.

Leadership

The Superintendent or designee(s) will convene the DWC and facilitate development of and updates to the wellness policy, and will ensure each school's compliance with the policy.

Name	Title	Email
Dr. Carolyn Stewart	Superintendent	cstewart@bcsd15.org
Jennifer Lott	Director of Educational Services	jlott@bcsd15.org

Wellness Policy Implementation, Monitoring, Accountability, and Community Engagement

Implementation Plan

BCSD will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan defines roles, responsibilities, actions, and timelines specific to each school, and includes information about who will be responsible to make what change, by how much, where, and when, as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education, and other school-based activities that promote student wellness.

This wellness policy can be found at: [add website address](#)

BCSD will retain records to document compliance with the requirements of the wellness policy. Documentation will include but not be limited to:

- Written wellness policy
- Documentation demonstrating it has been made available to the public
- Documentation of efforts to review and update the policy, including indication of who is involved in the update and the methods BCSD uses to make stakeholders aware of their ability to participate
- Documentation to demonstrate compliance with the annual public notification requirements
- The most recent assessment on implementation of the school wellness policy

- Documentation demonstrating the most recent assessment on the implementation of the policy has been made available to the public.

Revisions and Updating the Policy

The DWC will update or modify the wellness policy based on District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. **The wellness policy will be assessed and updated as indicated at least every three years.**

Nutrition

School Meals

Our school district is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; moderate in sodium, low in saturated fat, and zero grams *trans* fat per serving (nutrition label or manufacturer's specification); and to meet the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns, and support healthy choices while accommodating cultural food preferences and special dietary needs.

All schools within BCSD participate in USDA child nutrition programs, including the National School Lunch Program (NSLP), the School Breakfast Program (SBP), and, where appropriate, the After School Care Snack Program. All schools within BCSD are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Accessible to all children
- Appealing and attractive to students
- Served in clean and pleasant settings
- Allow students at least 10 minutes to eat breakfast
- Allow students at least 20 minutes to eat lunch
- Menus are created/reviewed by a Registered Dietician or other certified nutrition professional
- Accommodate students with special dietary needs
- Serve lunch at a reasonable and appropriate time of day
- Make available free, potable water during the meal period
- Allow students to bring and carry approved water bottles with only water in them throughout the day
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations. (BCSD offers reimbursable school meals that meet [USDA nutrition standards](#).)
- Menus will be posted on the BCSD website or individual school websites
- Participation in Federal child nutrition programs will be promoted among students and families to help ensure that families know what programs are available in their children's school.

Celebrations and Rewards

"School day" is defined as "from the time students arrive on campus in the morning until thirty (30) minutes after the last school-sponsored class (regular school day or after-school program, whichever is later).

Food

- Only food prepared by or obtained from BCSD's food services program will be served or sold on each campus during the school day.

- Preschool and kindergarten students may bring a healthy snack for the afternoon. Schools will provide parents with a lists of acceptable snacks. Teachers may provide snacks from the “no thank you” table in the cafeteria to those students who do not bring a snack.
- Schools and employees will not use food as rewards.
- Classroom parties or celebrations involving food are prohibited.
- Teachers and other employees may not provide snacks or beverages to students except those from BCSD’s food services program.
- Food items (e.g., M&Ms, cheerios) will not be used as math manipulatives or for other instruction.

Beverages

Only the following beverages are allowed during the school day from any source, including school stores, vending machines, school cafeterias, and any fund-raising activity on school property, whether or not school sponsored (certain other restrictions apply):

- Milk – low-fat or no fat
- Non-dairy milks
- 100% fruit or vegetable juice
- Water (un-flavored)
-

Outside of the School Day

These Administrative Regulations do not apply to events outside of the school day as defined above. However, sponsors of fund-raising and other events are encouraged to select food items in accordance with Smart Snacks and Arizona Nutrition Standards.

Snacks Brought by Students

Students may bring a healthy snack to be consumed during a designated time during the school day.

Acceptable snacks: fresh fruits/vegetables; nuts, seeds, or trail mix; dried fruits; prepackaged items for which the first ingredient is a fruit, a vegetable, a dairy product, or a protein; unflavored water, low-fat milk, or 100% fruit/vegetable juice. Prohibited snacks: candy; chips; sodas, energy drinks, sports drinks; any food or drink with high levels of sugar or salt.

Physical Activity

Children and adolescents should participate in physical activity every day. A substantial percentage of students’ physical activity can be provided through a comprehensive, school-based physical activity program that includes these components:

- BCSD will provide students with formal, age-appropriate physical education, consistent with national and state standards for physical education
- Physical activity during the day (including but not limited to recess, classroom physical activity breaks, or physical education) will not be used or withheld as punishment for any reason
- Physical education program will promote student physical fitness through individualized fitness and activity assessments
- All physical education classes in BCSD are taught by licensed teachers who are certified or endorsed to teach physical education
- All elementary schools will offer at least 20 minutes of recess on all days during the school year
- Recess will be offered outdoors when weather is possible
- Recess is a complement not a substitute for physical education class
- To the extent possible, schools provide opportunities for students to participate in physical activity after school

FY26 Wellness Committee Policy/Regulation Proposed Changes

- Students will be offered periodic opportunities to be physically active or to stretch throughout the day on all or most days during a typical school week
- BCSD recommends teachers provide short (3-5 minute) physical activity breaks to students during and between classroom time at least 3 days per week
- BCSD will support active transport to and from school such as walking or biking

To the extent practicable, BCSD will ensure that its grounds and facilities are safe and that equipment is available to students to be active. BCSD will conduct necessary inspections and repairs.

About the Local Wellness Policy Activity and Assessment Tool

LEAs are required to have a written local wellness policy (LWP), and at least once every three years, they must assess the implementation of what is written in the policy. Some written components can be easily assessed by asking the question, “Did we do this?” while others are more difficult to measure. ADE recommends using this tool to document the exact actions you expect to be completed and determine if your LEA is doing what is written in the policy. The District Wellness Committee can use this list of actions to select from when writing goals and policies in the LWP. Note, you should select at least one action from each section; selecting all actions is not required.

National School Lunch Program. ADE recommends writing each of the selected actions into your LWP. This tool is designed to be an action plan that guides your implementation and assessment of your LWP.

I. WELLNESS GOALS

The LWP must include goals in the areas of Nutrition Promotion, Nutrition Education, Physical Activity, and Other Activities to Promote Student Wellness. For each section, choose the activities you’ll implement and determine how many schools will work toward implementing the activities. Then, use the activities selected to write a goal in each area on the LWP Template. When monitoring implementation of the LWP at each school, record the number of schools that successfully completed the action(s) selected.

GOAL: NUTRITION PROMOTION <i>Nutrition Promotion includes activities and participation in programs that promote and reinforce health and emphasize the school’s commitment to a healthy school nutrition environment.</i>	Year 1		Year 2		Year 3	
	# schools working on this action	# schools successfully completing this action	# schools working on this action	# schools successfully completing this action	# schools working on this action	# schools successfully completing this action
<input type="checkbox"/> The district encourages participation in meal programs as appropriate (School Breakfast, National School Lunch, Afterschool Care Snack, Fresh Fruit and Vegetable Program etc.).						
<input type="checkbox"/> School meal program menus are posted on the district website or individual school sites.						
<input type="checkbox"/> Menus include nutrient content and ingredients.						
<input type="checkbox"/> Participation in meal programs is promoted to families.						
<i>Farm to School Activities (best practice is to choose a minimum of 4 activities):</i>						
<input type="checkbox"/> Local and/or regional products are incorporated into the school meal program.						
<input type="checkbox"/> Messages about agriculture and nutrition are reinforced throughout the learning environment.						
<input type="checkbox"/> School hosts a school garden.						
<input type="checkbox"/> School hosts field trips to local farms.						
<input type="checkbox"/> School utilizes promotions or special events to highlight local/regional products.						
<i>Smarter Lunchroom techniques are implemented in the cafeteria (best practice is to choose a minimum of 10 techniques to implement at each school):</i>						
<input type="checkbox"/> Smarter Lunchroom Technique						
<input type="checkbox"/> Smarter Lunchroom Technique						

<input type="checkbox"/> Smarter Lunchroom Technique						
<input type="checkbox"/> Smarter Lunchroom Technique

<ul style="list-style-type: none"> <input type="checkbox"/> Farm tours 						

GOAL: PHYSICAL ACTIVITY <i>Physical activity is defined by the Centers for Disease Control and Prevention (CDC) as any bodily movement produced by skeletal muscles that result in energy expenditure. Regular physical activity in childhood and adolescence improves strength and endurance, helps build healthy bones and muscles, helps control weight, reduces anxiety and stress, increases self-esteem and may improve blood pressure and cholesterol levels. Incorporating regular physical activity in your school(s) is an important contributor to student wellness.</i>	Year 1		Year 2		Year 3	
	# schools working on this action	# schools successfully completing this action	# schools working on this action	# schools successfully completing this action	# schools working on this action	# schools successfully completing this action
Physical Activity						
<input type="checkbox"/> Physical activity is available for at least ____ minutes per day for all students.						
<input type="checkbox"/> Physical activity during the day (including but not limited to recess, classroom physical activity breaks, or physical education) is not used or withheld as punishment for any reason.						
<input type="checkbox"/> The district provides teachers and other school staff with a list of ideas for alternative ways to discipline students.						
<input type="checkbox"/> A comprehensive school physical activity program (CSPAP) is used to coordinate physical activity before, during and after school.						
<input type="checkbox"/> To the extent practicable, schools ensure that their grounds and facilities are safe and that equipment is available to all students to be active.						
<input type="checkbox"/> Through a formal joint- or shared-use agreement, indoor and outdoor physical activity facilities and spaces are open to students, their families, and the community outside of school hours.						
<input type="checkbox"/> Schools ensure that inventories of physical activity supplies and equipment are known and, when necessary, work with community partners to ensure sufficient quantities of equipment are available to encourage physical activity for as many students as possible.						
Before and After School Activities						
<input type="checkbox"/> Students have opportunities to participate in physical activity before school.						
<input type="checkbox"/> Students have opportunities to participate in physical activity after school.						
Physical Education						
<i>In Arizona, LEAs are recommended to review the Arizona PE Standards. Arizona does not have PE requirement, but the national recommendation for PE minutes is 150 per week at the elementary level and 225 minutes per week at the secondary level (middle school and high school level).</i>						
Elementary students (grades K-5) in each grade receive physical education for at least (<i>choose one</i>):						
<input type="checkbox"/> 45 minutes per week						
<input type="checkbox"/> 60-89 minutes per week						
<input type="checkbox"/> 90-149 minutes per week						
<input type="checkbox"/> 150 or more minutes per week						
<input type="checkbox"/> <i>Other:</i>						

Secondary students (grades 6-12) are <i>(choose one)</i> : <input type="checkbox"/> Required to take one physical education credit total <input type="checkbox"/> Will take more than one academic year of physical education <input type="checkbox"/> Will take physical education throughout all secondary school years <input type="checkbox"/> <i>Other:</i>						
<input type="checkbox"/> Students receive formal, age-appropriate physical education, consistent with national and state standards for physical education.						
<input type="checkbox"/> Physical education program promotes student physical fitness through individualized fitness and activity assessments (via the Presidential Youth Fitness Program or other appropriate assessment).						
<input type="checkbox"/> Students are moderately to vigorously active for at least 50% of class time during most or all physical education class sessions.						
<input type="checkbox"/> Physical education teachers participate in professional development at least once per year.						
<input type="checkbox"/> Physical education classes are taught by licensed teachers who are certified or endorsed to teach physical education.						
<input type="checkbox"/> Waivers, exemptions, or substitutions for physical education classes are not granted.						
<input type="checkbox"/> Physical activity may not be substituted for any other class (e.g., dance, marching band, ROTC etc.)						
Recess						
<input type="checkbox"/> Elementary schools provide at least 20 minutes of recess on all days during the school year.						
<input type="checkbox"/> If recess is offered before lunch, proper hand washing measures are in place.						
<input type="checkbox"/> Recess is offered outdoors when weather is feasible.						
<input type="checkbox"/> Recess is a compliment to not a substitute for physical education class.						
<input type="checkbox"/> Recess monitors encourage students to be active.						
<input type="checkbox"/> Recess monitors serve as role models by being physically active along with students.						
Classroom Physical Activity Breaks and Active Academics						
<input type="checkbox"/> Students are offered periodic opportunities to be physically active or to stretch in the classroom throughout the day on all or most days during a typical school week.						
<input type="checkbox"/> Teachers provide short (3-5 minute) physical activity breaks to students during and between classroom time at least 3 days per week.						
<input type="checkbox"/> Teachers receive resources, tools, and technology with ideas for classroom physical activity breaks.						
<input type="checkbox"/> Teachers incorporate movement and kinesthetic learning approaches into “core” subject instruction when possible to reduce sedentary behavior during the day.						

<input type="checkbox"/> Teachers serve as role models by being physically active alongside students whenever possible.							
Physical Activity Topics in Health Education							
<input type="checkbox"/> Health education is required in all elementary grades.							
<input type="checkbox"/> Middle and high school students are required to take and pass at least one health education course.							
<input type="checkbox"/> At least 12 of the following essential topics on physical activity are in the health education curriculum: <table border="0" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%; vertical-align: top;"> <input type="checkbox"/> The physical, physiological, or social benefits of physical activity <input type="checkbox"/> How physical activity can contribute to a healthy weight <input type="checkbox"/> How physical activity can contribute to the academic learning process <input type="checkbox"/> How an inactive lifestyle contributes to chronic disease <input type="checkbox"/> Health-related fitness, including cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition <input type="checkbox"/> Differences between physical activity, exercise and fitness <input type="checkbox"/> Phases of an exercise session including warm up, workout, and cool down <input type="checkbox"/> Decreasing sedentary activities such as TV watching <input type="checkbox"/> How to influence, support, or advocate for others to engage in physical activity <input type="checkbox"/> Opportunities for physical activity in the community </td> <td style="width: 50%; vertical-align: top;"> <input type="checkbox"/> Preventing injury during physical activity <input type="checkbox"/> Weather-related safety, for example, avoiding heat stroke, hypothermia, and sunburn while being physically active <input type="checkbox"/> How much physical activity is enough, including determining frequency, intensity, time and type of physical activity <input type="checkbox"/> Developing an individualized physical activity and fitness plan <input type="checkbox"/> Monitoring progress toward reaching goals in an individualized physical activity plan <input type="checkbox"/> Dangers of using performance-enhancing drugs such as steroids <input type="checkbox"/> Social influences on physical activity including media, family, peers, and culture <input type="checkbox"/> How to find valid information or services related to physical activity and fitness <input type="checkbox"/> Overcoming barriers to physical activity <input type="checkbox"/> How to resist peer pressure that discourages physical activity </td> </tr> </table>	<input type="checkbox"/> The physical, physiological, or social benefits of physical activity <input type="checkbox"/> How physical activity can contribute to a healthy weight <input type="checkbox"/> How physical activity can contribute to the academic learning process <input type="checkbox"/> How an inactive lifestyle contributes to chronic disease <input type="checkbox"/> Health-related fitness, including cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition <input type="checkbox"/> Differences between physical activity, exercise and fitness <input type="checkbox"/> Phases of an exercise session including warm up, workout, and cool down <input type="checkbox"/> Decreasing sedentary activities such as TV watching <input type="checkbox"/> How to influence, support, or advocate for others to engage in physical activity <input type="checkbox"/> Opportunities for physical activity in the community	<input type="checkbox"/> Preventing injury during physical activity <input type="checkbox"/> Weather-related safety, for example, avoiding heat stroke, hypothermia, and sunburn while being physically active <input type="checkbox"/> How much physical activity is enough, including determining frequency, intensity, time and type of physical activity <input type="checkbox"/> Developing an individualized physical activity and fitness plan <input type="checkbox"/> Monitoring progress toward reaching goals in an individualized physical activity plan <input type="checkbox"/> Dangers of using performance-enhancing drugs such as steroids <input type="checkbox"/> Social influences on physical activity including media, family, peers, and culture <input type="checkbox"/> How to find valid information or services related to physical activity and fitness <input type="checkbox"/> Overcoming barriers to physical activity <input type="checkbox"/> How to resist peer pressure that discourages physical activity					
<input type="checkbox"/> The physical, physiological, or social benefits of physical activity <input type="checkbox"/> How physical activity can contribute to a healthy weight <input type="checkbox"/> How physical activity can contribute to the academic learning process <input type="checkbox"/> How an inactive lifestyle contributes to chronic disease <input type="checkbox"/> Health-related fitness, including cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition <input type="checkbox"/> Differences between physical activity, exercise and fitness <input type="checkbox"/> Phases of an exercise session including warm up, workout, and cool down <input type="checkbox"/> Decreasing sedentary activities such as TV watching <input type="checkbox"/> How to influence, support, or advocate for others to engage in physical activity <input type="checkbox"/> Opportunities for physical activity in the community	<input type="checkbox"/> Preventing injury during physical activity <input type="checkbox"/> Weather-related safety, for example, avoiding heat stroke, hypothermia, and sunburn while being physically active <input type="checkbox"/> How much physical activity is enough, including determining frequency, intensity, time and type of physical activity <input type="checkbox"/> Developing an individualized physical activity and fitness plan <input type="checkbox"/> Monitoring progress toward reaching goals in an individualized physical activity plan <input type="checkbox"/> Dangers of using performance-enhancing drugs such as steroids <input type="checkbox"/> Social influences on physical activity including media, family, peers, and culture <input type="checkbox"/> How to find valid information or services related to physical activity and fitness <input type="checkbox"/> Overcoming barriers to physical activity <input type="checkbox"/> How to resist peer pressure that discourages physical activity						
Active Transport (best practice is to choose a minimum of 6)							
<input type="checkbox"/> Safe or preferred routes to school are designated.							
<input type="checkbox"/> Activities such as participation in international Walk to School Week are promoted.							
<input type="checkbox"/> Crosswalks on streets leading to school are used.							
<input type="checkbox"/> Secure storage facilities for bicycles and helmet are present on school grounds.							
<input type="checkbox"/> Instruction on walking/bicycling safety is provided to students.							
<input type="checkbox"/> Crossing guards are used.							
<input type="checkbox"/> Walking school buses are coordinated.							
<input type="checkbox"/> The number of children walking and/or biking to and from school is documented.							

<input type="checkbox"/> Maps of the school environment (sidewalks, crosswalks, roads, pathways, bike racks) are distributed.						
<input type="checkbox"/> Safe routes to school program is promoted to students, staff, parents via newsletters, websites, and local newspaper.						
GOAL: OTHER ACTIVITIES THAT PROMOTE STUDENT WELLNESS	Year 1		Year 2		Year 3	
	# schools working on this action	# schools successfully completing this action	# schools working on this action	# schools successfully completing this action	# schools working on this action	# schools successfully completing this action
School Sponsored Events						
<input type="checkbox"/> School-sponsored events incorporate wellness components including physical activity and healthy eating opportunities.						
Relationships with Community Partnerships						
<input type="checkbox"/> Hospitals						
<input type="checkbox"/> Universities/colleges						
<input type="checkbox"/> Local businesses						
<input type="checkbox"/> SNAP-Ed Providers						
Community Health Promotion and Family Engagement						
<input type="checkbox"/> The benefits of and approaches to healthy eating and physical activity are promoted to parents/caregivers, families, and the general community throughout the school year (e.g., the school provides information about nutrition and physical activity to parents throughout the year).						
<input type="checkbox"/> Families are informed and invited to participate in school-sponsored activities and receive information about health promotion efforts.						
<input type="checkbox"/> Electronic and non-electronic mechanisms are used to ensure that all families are actively notified of opportunities to participate in school-sponsored activities and receive information about health promotion efforts.						
Staff Wellness and Health Promotion						
<input type="checkbox"/> The District Wellness Committee has a staff wellness subcommittee that focuses on staff wellness issues, identifies and disseminates wellness resources and performs other functions that support staff wellness in coordination with human resources staff. This subcommittee focuses on staff wellness in ___ schools. If yes, best practice to list subcommittee leader's name in the policy.						
<input type="checkbox"/> Schools implement strategies to support staff in actively promoting and modeling healthy eating and physical activity behaviors, and 3-4 strategies are listed.						
<input type="checkbox"/> Strategy 1:						
<input type="checkbox"/> Strategy 2:						
<input type="checkbox"/> Strategy 3:						

<input type="checkbox"/> <i>Strategy 4:</i>						
<input type="checkbox"/> The district promotes staff member participation in health promotion programs.						
<input type="checkbox"/> The district has a healthy meeting policy for all events with available food options, created by the district wellness committee to optimize healthy food options.						
Professional Learning						
<input type="checkbox"/> The district offers annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and schools.						
Other Activities to Promote Wellness						
<input type="checkbox"/> Each school has a health professional on site for at least half the school day.						
<input type="checkbox"/> The district supports health fairs at ____ schools per year.						
<input type="checkbox"/> <i>Other:</i>						
<input type="checkbox"/> <i>Other:</i>						
<input type="checkbox"/> <i>Other:</i>						

II. DISTRICT POLICIES

In each of the following sections, select and/or describe the policies that will apply to all schools in the district. Some of the policies are required and thus, already selected. Then, write the selected policies in the **LWP Template**. When you monitor implementation, you will report on how many schools comply with the district policies, or if the district as a whole is in compliance with the policy.

DISTRICT POLICY: SCHOOL MEALS STANDARDS	Year 1	Year 2	Year 3
<i>At a minimum, the school meal standards should meet the New Meal Pattern requirements. LEAs can establish additional standards important to the district. This section should also include standards for the meal service area, menu composition (use of local produce) and guidelines for water availability during meals.</i>	% of schools in compliance	% of schools in compliance	% of schools in compliance
National School Lunch Program			
<input type="checkbox"/> All schools in the district participate in the National School Lunch Program.			
<input type="checkbox"/> Lunch meals served meet the new meal pattern requirements including minimum requirements for fruits, vegetables (and subgroups), whole grain-rich foods, meat/meat alternates and 2 varieties of milk.			
<input type="checkbox"/> ____ percent of lunch items will be prepared from scratch or made on site.			
<input type="checkbox"/> Students are served lunch at a reasonable and appropriate time of the day.			
<input type="checkbox"/> Lunch follows recess to better support learning and healthy eating.			
<input type="checkbox"/> Students have adequate time to eat:			
<input type="checkbox"/> Students have 10 minutes of seated time			

<input type="checkbox"/> Students have 20 minutes of seated time <input type="checkbox"/> Students have 30 minutes of seated time (ADE best practice) <input type="checkbox"/> Students have ___ minutes of seated time			
School Breakfast Program			
<input type="checkbox"/> All schools in the district participate in the School Breakfast Program.			
<input type="checkbox"/> Breakfast meals served meet the new meal pattern requirements including minimum requirements for fruits/vegetables, whole grain-rich foods, and 2 varieties of milk.			
<input type="checkbox"/> The district encourages schools to provide breakfast in the classroom or via mobile grab and go carts.			
School Meal Standards meet the following additional guidelines established by the district:			
<input type="checkbox"/> Meals are appealing and attractive to students.			
<input type="checkbox"/> Meals are served in clean and pleasant settings.			
<input type="checkbox"/> Local and/or regional products are incorporated into the school meal programs.			
<input type="checkbox"/> Fresh fruits and vegetables are served ___ times per week.			
<input type="checkbox"/> Flavored milk is not served; District only offers low fat and fat free plain milk.			
<input type="checkbox"/> Menus are created/reviewed by a Registered Dietitian or other certified nutrition professional.			
<input type="checkbox"/> School meals are administered by a team of nutrition professionals.			
<input type="checkbox"/> <i>Other:</i>			
<input type="checkbox"/> <i>Other:</i>			
<input type="checkbox"/> <i>Other:</i>			
<input type="checkbox"/> <i>Other:</i>			
<input type="checkbox"/> <i>Other:</i>			
<input type="checkbox"/> <i>Other:</i>			
<input type="checkbox"/> <i>Other:</i>			
Water			
<input type="checkbox"/> Free, potable water is available to all students during the meal period.			
<input type="checkbox"/> Water sources and containers are maintained on a regular basis to ensure good hygiene and health safety standards.			
<input type="checkbox"/> Students are allowed to bring and carry approved water bottles with only water in them throughout the day.			

DISTRICT POLICY: COMPETITIVE FOOD AND BEVERAGES (FOOD SOLD TO STUDENTS)	Year 1	Year 2	Year 3
<i>Competitive foods and beverages are those foods that are sold outside of and in competition with the federally reimbursable meal programs. At a minimum, LEAs must ensure all foods and beverages sold on campus, during the school day defined as midnight to thirty minutes after the end of the school, will meet the USDA Smart Snack guidelines for grades K-12. LEAs can establish additional standards.</i>	% of schools in compliance	% of schools in compliance	% of schools in compliance
<input type="checkbox"/> Foods and beverages sold outside the school meal programs will meet the USDA Smart Snacks in School nutrition standards on the school campus during the school day (midnight to thirty minutes after the end of the school day). This applies to foods sold:			
<input type="checkbox"/> Not applicable, district does not sell competitive foods.			
<input type="checkbox"/> A la Carte			
<input type="checkbox"/> In student stores			
<input type="checkbox"/> In vending machines			
<input type="checkbox"/> Other:			
<i>Foods and beverages sold outside of the school meal programs meet the following additional guidelines established by the district:</i>			
<input type="checkbox"/> All foods and beverages sold outside the school meal programs will meet the USDA Smart Snacks in School nutrition standards on the school campus (midnight to midnight).

III. DISTRICT WELLNESS COMMITTEE <i>The District is required to convene a representative district wellness committee that meets to establish goals and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this district-level wellness policy.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
COMMITTEE ROLE AND MEMBERSHIP <i>The district must notify the public of their ability to participate in the LWP process. LEAs should establish details of how the LWP will be convened and how it will operate.</i>						
<input type="checkbox"/> The district convenes a representative District Wellness Committee (DWC).						
<input type="checkbox"/> The District Wellness Committee meets ____ times per year.						

<input type="checkbox"/> The public is notified of their ability to participate in the District Wellness Committee.						
The public is notified of their ability to participate in the District Wellness Committee using the following methods:						
<input type="checkbox"/> Email						
<input type="checkbox"/> Notices on district website						
<input type="checkbox"/> Newsletters						
<input type="checkbox"/> Presentations to parents						
<input type="checkbox"/> Sending information home via flyers						
<input type="checkbox"/> <i>Other:</i>						
<input type="checkbox"/> DWC <i>actively recruits</i> representation from:						
<input type="checkbox"/> All school levels (elementary, middle, high)						
<input type="checkbox"/> Parents/Caregivers						
<input type="checkbox"/> Students						
<input type="checkbox"/> Representative from School Nutrition Programs						
<input type="checkbox"/> Physical education teacher						
<input type="checkbox"/> Health education teacher						
<input type="checkbox"/> School health professionals (nurses)						
<input type="checkbox"/> Mental health and social services staff (counselors, psychologists, social workers)						
<input type="checkbox"/> Administrators						
<input type="checkbox"/> School board members						
<input type="checkbox"/> Health professionals (dietitians, doctors, nurses)						
<input type="checkbox"/> The general public						
<input type="checkbox"/> DWC <i>has</i> representation from:						
<input type="checkbox"/> All school levels (elementary, middle, high)						
<input type="checkbox"/> Parents/Caregivers						
<input type="checkbox"/> Students						
<input type="checkbox"/> Representative from School Nutrition Programs						
<input type="checkbox"/> Physical education teacher						
<input type="checkbox"/> Health education teacher						
<input type="checkbox"/> School health professionals (nurses)						
<input type="checkbox"/> Mental health and social services staff (counselors, psychologists, social workers)						

<input type="checkbox"/> Administrators						
<input type="checkbox"/> School board members						
<input type="checkbox"/> Health professionals (dietitians, doctors, nurses)						
<input type="checkbox"/> The general public						
<input type="checkbox"/> To the extent possible, representatives from each school in the district						
<input type="checkbox"/> DWC includes representation from community partners (when feasible)						
<input type="checkbox"/> SNAP-Ed coordinator						
<input type="checkbox"/> Other:						
<input type="checkbox"/> Each school within the district has an on-going school wellness committee (School Health Advisory Committee- SHAC) to review school-level, health related issues in coordination with the DWC.						

LEADERSHIP <i>The district must designate one or more LEA and/or school official(s) who have the authority and responsibility to ensure each school complies with the local wellness policy. This may or may not be the same person responsible for bringing the wellness committee together and planning the meetings.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
<input type="checkbox"/> There is a person designated to convene the DWC and facilitate development of and updates to the wellness policy. <input type="checkbox"/> Designee is _____						
<input type="checkbox"/> There is a district-level official designated to <i>ensure all schools' compliance</i> with the policy. <input type="checkbox"/> Designee is _____						
<input type="checkbox"/> Each school has designated a wellness policy coordinator who will ensure compliance with the policy at the school level. <input type="checkbox"/> Position/Title of the designees is _____						

IV. IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND NOTIFICATION

Convening a district wellness committee and writing the policy is the first step in the LWP process. However, districts are also responsible for implementing, monitoring, and notifying the public about the LWP. Annual reviews and updates to the policy are recommended, while a thorough assessment of compliance is required every three years.

IMPLEMENTATION PLAN <i>Once the wellness policy is written, the district will need to communicate to the goals and policies to all schools. Schools will then implement the policies and begin working toward the goals as appropriate. The implementation of the policies should be consistent across all schools, but the actions that work toward meeting the goals may vary from school to school.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
<input type="checkbox"/> Schools conducted a school-level assessment prior to developing an implementation plan. The assessment used was: <input type="checkbox"/> The Alliance for a Healthier Generation Healthy Schools Program; <input type="checkbox"/> The School Health Index <input type="checkbox"/> Action for Healthy Kids Game On program <input type="checkbox"/> Other program: _____						
<input type="checkbox"/> The district has a plan for implementation to manage and coordinate the execution of this wellness policy at each school.						
<input type="checkbox"/> The plan includes roles, responsibilities, actions and timelines specific to each school and includes information about who will be responsible to make changes.						

TRIENNIAL PROGRESS ASSESSMENTS <i>At least once every three years, the District must assess compliance with their wellness policy and assess progress toward meeting the goals of the wellness policy.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
<input type="checkbox"/> At least once every three years, the district evaluates compliance with the wellness policy.						
The evaluation includes:						
<input type="checkbox"/> The extent to which schools under the jurisdiction of the district are following the wellness policy.						
<input type="checkbox"/> The extent to which the district's policy compares to a model policy.						
<input type="checkbox"/> A description of the progress made in attaining the goals of the district's wellness policy.						
<input type="checkbox"/> The district designated a person responsible for managing the triennial assessment: This designee is: _____						

REVISIONS AND UPDATING THE POLICY <i>LEAs are required to update or modify the wellness policy as appropriate.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
<input type="checkbox"/> Policy is updated when appropriate, including when:						
<input type="checkbox"/> District priorities change						
<input type="checkbox"/> Community needs change						
<input type="checkbox"/> Wellness goals are met						
<input type="checkbox"/> New health science information emerges						
<input type="checkbox"/> New state or federal guidance/standards are issues						
<input type="checkbox"/> The DWC conducts an annual School Health Index at each school.						
<input type="checkbox"/> Updates to the policy are made based on the results of the School Health Index.						

NOTIFICATION OF WELLNESS POLICY, POLICY UPDATES AND TRIENNIAL ASSESSMENT <i>LEAs must make available to the public (1) at all times the wellness policy (2) on an annual basis, at minimum, any updates to and about the wellness policy, and (3) the Triennial Assessment which includes progress toward meeting their wellness goals and compliance with the written policy over a three year period.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
<i>Availability of the LWP</i>						
<input type="checkbox"/> The public has access to the LWP at all times.						
<input type="checkbox"/> The wellness policy is posted online. The URL is: _____						
<i>Notification/Availability of Revisions and Updates to the LWP</i>						
<input type="checkbox"/> The district informs families and the public each year of basic information about the policy, including its content, updates, and implementation status. Best practice is to include last revision date on LWP.						
<input type="checkbox"/> The district informs families and the public each year of basic information about the policy, including its content, updates, and implementation status by:						
<input type="checkbox"/> Email						
<input type="checkbox"/> Notices on district website						
<input type="checkbox"/> Newsletters						
<input type="checkbox"/> Presentations to parents						
<input type="checkbox"/> Sending information home						
<input type="checkbox"/> Other						
<input type="checkbox"/> Communications include culturally and linguistically appropriate language.						
<i>Availability of the Triennial Assessment</i>						

<input type="checkbox"/> The district actively notifies households of the availability of the triennial progress report.						
<input type="checkbox"/> The triennial assessments are available to the public. The URL is:						

RECORDKEEPING <i>The district retains the following documents to demonstrate compliance with the wellness policy.</i>	Year 1		Year 2		Year 3	
	YES	NO	YES	NO	YES	NO
Documentation kept on file includes:						
<input type="checkbox"/> Written wellness policy						
<input type="checkbox"/> Documentation demonstrating it has been made available to the public						
<input type="checkbox"/> Documentation of efforts to review and update the policy, including indication of who is involved in the update and the methods the district uses to make stakeholders aware of their ability to participate						
<input type="checkbox"/> Documentation to demonstrate compliance with the annual public notification requirements						
<input type="checkbox"/> The most recent assessment on implementation of the school wellness policy						
<input type="checkbox"/> Documentation demonstrating the most recent assessment on the implementation of the policy has been made available to the public.						

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/USDA-OASCR%20P-Complaint-Form-0508-0002-508-11-28-17Fax2Mail.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

*mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;*

fax: (833) 256-1665; or (202) 690-7442

email: program.intake@usda.gov.

This institution is an equal opportunity provider.
