No School Day Camps 2026-2027

When school is closed, the fun is just getting started! Conveniently located down the street at **4900 Massachusetts Ave NW**, Amore Learning's No School Day camp offers hands-on learning inspired by our popular enrichment classes. From STEM experiments to slime creation, bridge-building to jewelry making, campers will enjoy a variety of activities.

Led by experienced educators, each camp blends STEM, art, movement, and social connection in a welcoming environment for children ages 3–12. Activities are adapted for different age groups so every child is engaged, challenged, and having fun. WCC friends are welcome to bring siblings, making camp a convenient and exciting option for the whole family!

Camps run 9AM-3PM
(aftercare available from 3-5pm)

Camp dates align with WCC, MCPS, & DCPS school calendars.
