

## Buzzy Bees 1 & 2

### March 2026 Newsletter

Dear Parents,

March is here, and spring and Easter are right around the corner! This month is about planting seeds...literally and figuratively. The Buzzy Bees, once again will plant seeds in our garden, not only in the ground but in the garden of our hearts, minds, and souls. We are preparing for Kindergarten! We wouldn't be able to do all of this strengthening, tending, and nurturing of ourselves in preparation without the support of our wonderful parents. Thank you parents!

Last month we loved learning all about Italy and the children and teachers tasted one of the oldest cookies in the world, the Pizzelle; pronounced pit-zelle. This month we travel to Ireland! Our themes this month are Dr. Seuss, Space, St. Patrick's Day, Spring, & Easter. Our letters of study are P, B, Q, & K, along with number 20, and review of 1-20.

Kindness Gotchas for the month of February: Thank you Hanna and Teddy for always being willing to help a friend in need. Thank you Hanna and Teddy!

Spring Blessings,

Ms. Fitts & Mrs. Sebring
