

## Buzzy Bees 1 & 2 October Newsletter

2025

Dear Parents,

The month of September was busy and filled with many new experiences. In Religion the children enjoyed learning about the many days of the Creation Story. They also took their first walking field trip to visit the seniors at Nazareth House. In Science, the children participated in scientific sensory experiences by tasting 3 kinds of apples, eating apple pie, exploring fall leaves, and recording what they discovered. This month we begin Geography, with Germany as our first country of study.

October will bring new lessons on farms, fire safety, pumpkins, Halloween, and the Day of Dead. We will also be learning about letters C, A, D, G, and the numbers 5-9, along with a new shape and color. Lastly, our Core Value of study will be Hospitality.

Reminder, Parent-Teacher conferences for the Buzzy Bees will begin on Monday, October 20 and run through Friday, October 24.

Don't forget, our school Halloween Carnival will be on October 24<sup>th</sup>. On the 31<sup>st</sup> the children may wear their Halloween costumes to school. Please remember, no masks and make sure your child can easily wear their costume throughout the whole day without extra assistance.

Thank you parents for all of your help and contributions. It is truly appreciated!

\*Kindness Gotchas for the month of September: Thank you Enzo and Owen from BB2 for always being willing to help a friend in need. Also, a big thank you goes to Keira and Daniel in BB1 for helping complete unfinished puzzles! Thank you friends, nice job!

Fall Blessings,

Ms. Fitts & Mrs. Sebring
