NOVEMBER 2026

Eagle Tales

As Thanksgiving approaches, please know that, as a school, we are thankful for the support of our Elgin School Families and for the support of our community!

Message from Mr. Erickson

Great things are happening at Elgin Elementary School, and we have plenty to celebrate!

We are incredibly proud to share that Elgin Elementary earned a school letter grade of A with 97.18 points out of 100 for the 2025–2026 school year—the highest score in our school's history on this assessment! This outstanding achievement reflects the hard work, dedication, and commitment of our students, teachers, staff, families, and entire school community. Our Eagles continue to soar, and this accomplishment is something we can all celebrate!

Since Arizona began its school letter-grade system, our school has experienced both challenges and successes. Through it all, our team has remained committed to providing students with a high-quality education and helping every child reach their full potential. Earning 97.18 points is a tremendous milestone, and we are proud of the progress our school has made. More importantly, this achievement reflects the learning, effort, and growth happening in our classrooms every day.

We also have exciting news to celebrate in the area of attendance! Our chronic absenteeism rate decreased from 20.54% to 13.79%, representing a significant improvement in the number of students missing too much school. We appreciate our families for making attendance a priority and partnering with us to ensure students are in school, engaged, and ready to learn. While we are encouraged by this progress, we still have work to do. Our goal is to reduce chronic absenteeism to below 10%, and every day in the classroom makes a difference!

This year's theme, *Be 1% Better,* reminds us that success is not about being perfect; it is about continually improving. A score of 97.18 is an accomplishment worth celebrating, and we recognize that reaching this level of success again will be a challenge. However, our focus is not simply on repeating a number. Our focus is on continuing to grow, strengthening instruction, supporting our students, and finding ways to get a little better every day. Even small improvements, when made consistently, can lead to extraordinary results.

Our previous theme, *Row the Boat*, taught us the importance of teamwork, perseverance, and working together toward a common goal. Those lessons remain part of who we are as Elgin Eagles. This record-breaking achievement belongs to our entire school community because it takes all of us rowing in the same direction to help our students succeed.

Thank you to our dedicated teachers and staff, our supportive families, and, most importantly, our hardworking students. We are proud of what we have accomplished together, and we look forward to building on this success throughout the school year.

Elgin Eagles: Celebrate the achievement. Keep rowing together. Be 1% better every day. The best is yet to come!

Finally, mark your calendars for our 30th Annual Veterans Day Ceremony on Tuesday, November 10, at 1:30 p.m.! We look forward to honoring and celebrating the brave men and women who have served our country and protected our freedoms. We hope you will join us as we celebrate our American heroes! Following the ceremony, school will be closed on Wednesday, November 11, in observance of Veterans Day. Then, on Thursday, November 12, our students and staff will enjoy a school-wide field trip to the Pima Air and Space Museum. It promises to be an exciting week of honoring service, learning, and making memories together as Elgin Eagles!

With appreciation,

David K. Erickson

Press Release - October 27, 2026

Sonoita Elementary School District Earns an A for the Second Consecutive Year, Achieves Highest Score in District History

ELGIN, ARIZONA — Sonoita Elementary School District is proud to announce that it has earned an A letter grade for the second consecutive year, achieving an impressive 97.68 points, the highest score in district history!

This outstanding accomplishment reflects the dedication, hard work, and collective commitment of the entire school community. From students and teachers to support staff, parents, board members, and community members, this achievement belongs to everyone who plays a role in helping our students succeed.

"Maintaining an A rating for the second consecutive year while achieving our highest score ever is something our entire community should celebrate," said Superintendent Daniel Erickson. "I am incredibly proud of our students and grateful for the teachers, staff, parents, and community members who work together every day to ensure our students receive an outstanding education. This achievement is a reflection of what can happen when we share a common purpose and work together toward a goal."

While earning an A is a tremendous accomplishment, Sonoita Elementary School District remains committed to continuous improvement. The district embraces its guiding philosophies of "Row the Boat" and "Be 1% Better," recognizing that excellence is not a destination but an ongoing commitment.

"At Sonoita, we believe in rowing the boat together. Every person has a role to play, and every effort matters. Our 'Be 1% Better' philosophy reminds us that even when we are doing exceedingly well, there is always an opportunity to learn, grow, and improve," Erickson added. "We celebrate this milestone, but we also recognize that our work is never finished. Our goal is to continue building on this success and providing the very best educational experience possible for every student."

As a small, rural school district, Sonoita Elementary School District takes great pride in providing a high-quality education while fostering strong relationships among students, staff, families, and the community. The district's continued success demonstrates the impact of a shared commitment to student achievement, collaboration, and lifelong learning.

The district extends its sincere appreciation to everyone who has contributed to this achievement. This is a team accomplishment, a community accomplishment, and a testament to what we can achieve when we all row in the same direction.

With a record-high score of 97.68 points and two consecutive years earning an A, Sonoita Elementary School District looks forward to building on this momentum and continuing its pursuit of excellence.

Students first. Relationships always. Excellence every day. And together, we will continue to row the boat and be 1% better!

In the Spotlight

Middle School Math - By Ms. Kyndra Ortiz

Math has taken on many forms in Elgin School's middle school classrooms this quarter. From building scale models and designing towns to writing songs and managing budgets, students in sixth, seventh, and eighth grade have been putting their math skills to work in creative and practical ways.

Sixth graders have been strengthening their understanding of fractions, decimals, and integer operations through hands-on activities. Students used number tiles to model fraction division and number lines to explore positive and negative numbers and absolute value. Now, they are moving into proportional relationships, learning to use ratios, cross multiplication, and division to solve problems. A little music has also made its way into the classroom, with a math song helping students remember important concepts and vocabulary.

Seventh graders have been discovering how often math shows up in everyday life. Their studies have included integers, constants of proportionality, scale drawings, and percent change. Financial literacy activities challenged students to manage a monthly budget, calculate expenses, and experience some of the financial responsibilities of adulthood. Students also applied their understanding of scale factors to construct a scale model of the Washington Monument, combining mathematics with creativity, measurement, and problem-solving.

Eighth graders have been exploring geometry through transformations and angle relationships. Their learning came together in themed GeoTown projects, where students designed their own communities while applying geometric concepts. They are now transitioning into functions, building connections between geometric reasoning, algebraic thinking, and mathematical relationships.

Across all three grade levels, students are encouraged to do more than memorize formulas or find the correct answer. They are learning to explain their reasoning, ask questions, work through challenges, and recognize how mathematics connects to the world around them.

Not every lesson involves a big project. Sometimes the greatest progress comes from a student finally understanding a challenging concept, finding a new way to solve a problem, or gaining the confidence to try again.

In the Spotlight

Fine Arts - By Mrs. Anna Coleman

Why Young Learners Need Art

As an educator, I believe art is one of the most valuable gifts we can give our young learners. Art is so much more than drawing, painting, or creating. It is an opportunity for students to discover who they are, explore new ideas, take risks, and learn that mistakes are part of the process.

When students are in art class and working with their hands, they are developing fine-motor skills, patience, creativity, and problem-solving abilities. They are learning to change their mind when something doesn't work as planned and discovering that there is rarely just one right way to approach a challenge. In the art room, the students don't need to be perfect, I encourage them to try. Our students are learning the power of "not yet" and beginning to understand that practice and a willingness to try again can lead to incredible things.

Art also reaches far beyond the art classroom. Students use math to measure and create patterns, science to explore materials, language arts to communicate ideas, and critical thinking to plan and evaluate their work. Collaboration, self-expression, and confidence develop naturally along the way.

Most importantly, art class provides a place where every student can experience success in their own way. My hope is that students leave the art room believing in their ability to create, solve problems, embrace challenges, and become the best versions of themselves.

1st Quarter Honors

Honor Roll – All A's and/or B's

2nd Grade – Legend Harper, Cora Krizan, Joseph Mejia Robles, Misa Montes de Oca, Giselle Munoz, Mia Taylor

3rd Grade - Bronco Alcala, Peter Barragan, Charlize Carter, Shyanne Goodwater, Seamus Wilusz, Clancy Zerbel

4th Grade – Remi Campbell, Aurora Fennell, Riley Green, Charlotte Gummo, Monae Hernandez-Robinson, Silas Johnson, Cassidy Orona, Viviana Quiroz-Gastelum

5th Grade – Saint Harris, Kynder Keenum, Lilliana Mejia Robles, Eligh Padilla, Ty Peterson, Onesimo Reyes, Maximus Stephens, Sydney Wilusz

6th Grade – Emma Fail, Brooke Gummo, Jeannette Mejia Robles, Brantley Orona, Ana Giselle Quiroz-Gastelum, Revel Whittington

7th Grade – Declan Blevins, Jesse Carter, Destyni Hernandez-Deaner, Henry Krizan,

8th Grade – Lowen Davis, Suzy Gallardo, Ryker Hintsala, Santiago Padilla, Trigg Whittington, Bradley Young

Academic Excellence – All A's

2nd Grade – Landon Benedum

3rd Grade – Jyn Fennell, Stella Johnson

4th Grade – Greta Bohm-Ragasa, Lesia Gaviola, Solana Munoz, Hayes Thomas, Emry Willie

5th Grade – Jubilee Aiello, Lillian Blevins, Atlas Bohm-Ragasa, Lehric Davis, Patrick Krizan

6th Grade – Arizona Beal, Prince Harris, Zaila Hintsala, Owen Thomas

7th Grade – Colter Beyer, Caellum Blevins, Miranda Cass, Dayton Swift

8th Grade – Lincoln Beal, William Collins, Cheyenne Conover, Rylie Fail, Rydia Fennell, Nathan Gaviola, Grant Gehlert, Morgan King, Deegan Ortiz, Valentina Ramirez Schroeder, Jet Thomas, Sophie Vendituoli, Hudson Willie

Eagle Eye - Student of the Week

Recognizing elementary students who practice good character and citizenship

NOVEMBER EVENTS

THEATER! DRAMA! MUSIC! COSTUMES! FUN!!!!

The renowned Missoula Children's Theatre is coming to Elgin School December 7th—12th! This week-long residency is made possible for Elgin students through tax credit and parent donations. A little red truck will pull into our town with everything it takes to mount a full-scale musical production of "The Wiz of the West." The truck will have a team of directors, lights, costumes, props, and make-up, everything except the cast. That's where Elgin students come in. The school has declared that week "No Homework Week" for participants, so any student who would like to try out for this performance must be able to attend the week-long rehearsals if given a part. Up to 50 students are needed for this production!

Please note that if a student is given a part in the play, he/she needs to be available Monday through Friday from 2:00-6:30 PM, and on Saturday, performance day, for morning dress rehearsals and the 6:00 PM evening performance. Students who commit to this endeavor will be expected to follow through on that commitment. More details will be sent home with the students.

Mark your calendars for this incredible opportunity for our Elgin community.

Nurse's Corner

The holiday season is here! With that, there are more likely exposures to viruses as we excitedly visit with friends and families over our school breaks.

Tips For Staying Healthy

- Doors and windows are closed due to cold weather. Try and crack them open when weather permits to allow fresh air to enter.
- People take commercial flights during the holidays.
    - Wash your hands frequently with soap and water, hand sanitizer if water is unavailable.
    - Consider wearing a mask if you are prone to colds and viruses.
- Keep your food and drinks to yourself. Sharing also shares cold, flu and other viruses.
- Keep your hands away from your face and mouth.
- Wipe hard surfaces (i.e. counters, tables and door knobs) with a sanitizing cloth or spray
- Dress appropriately for the weather
- Keep hydrated

Flu and other shots

The month of November is a good time to schedule your flu and/or covid shots. Getting one now should help throughout the rest of the prime virus time this winter. Here are some tips:

- Shots are available at your doctor's office
- Shots are also available at most pharmacies in a walk-in-basis
    - Usually at a zero-cost for anyone with insurance
    - You don't necessarily have to go to an in-network pharmacy. Most pharmacies take any insurance. Just show your card when you check in with the pharmacist.
    - You **cannot get the flu** from the shot, as it is a killed virus. People that think they have the flu after the shot usually are just having a mild reaction to build immunity, or were already exposed to the flu before getting their shot.
    - It is true the shot is a general guess protecting you from the predicted viruses for that season. It is not a 100% effective against all viruses. It does hugely decrease the chance of you getting the flu
    - People with pre-existing conditions such as asthma, diabetes, immune disorders, or those who frequently get sick are the best candidates to receive one.

Alternative to the flu shot

- Keep your distance from people who are ill
- Wash your hands frequently
- Wear a mask when out in public
- Eat healthy foods, especially those with increased vitamin C, such as citrus fruits
- Use alternative homeopathic options if feeling ill, such as therapeutic oils etc.
- Keep hydrated

AZ FIND
FIND • HELP • SUCCEED

Look for these changes in your growing child.

When should he walk? When should she talk?
For the best and brightest future, have your child's development checked often during the first five years.

3 Months
- Lifts head regularly when on tummy
- Makes cooing noises
- Quiets when spoken to
- Grasps objects placed in hand
- Begins to bat at objects

6 Months
- Sits with light support
- Babbles when alone or with someone
- Reaches for objects
- Holds objects with either hand
- Turns eyes and head toward sounds and voices
- Begins to crawl
  (Moves around other than on hands and knees)

9 Months
- Sits without support
- Begins creeping (up on hands and knees)
- Imitates cough, bye-bye, hand clap, mama
- Drops and looks for an object
- Can find a toy hidden under cloth
- Likes to dump out and pick up things

1 Year
- Pulls up to a standing position and cruises around furniture
- Begins to say ma-ma and da-da to refer to parents
- Finger feeds self solid food
- Follows a simple direction such as "bring me the ball"
- Points to object she knows when asked "where is it?"
- Begins to use a spoon and hold a cup

1 - 1½ years
- Walks well and runs
- Can push, pull, carry, and lift objects
- Names some objects
- Can point to simple pictures
- Brings an object he knows when asked

2 Years
- Walks up and down stairs, two feet on each step
- Can name more than three body parts
- Scribbles
- Stacks two to four objects
- Uses two-word sentences
- Enjoys doing things for self
- Gets easily frustrated
- Uses objects as they should be used

3 Years
- Uses three to five-word sentences
- Sings simple songs
- Can jump in place
- Begins to ask questions
- Enjoys "pretend" play
  (for instance, pretending to be mom, dad, brothers, and sisters)
- Can help brush teeth, wash hands, undress, etc.

4 Years
- Can use the toilet (with few accidents)
- Can balance on one foot, then the other
- Can name up to three colors
- Can retell parts of a familiar story
- Begins to play with other children rather than alongside them

5 Years
- Likes playground challenges
- Dresses self completely, including buttons; beginning to zip and tie
- Can play cooperatively with a small group of children
- Draws people in two parts—head and arms or legs
- Can tell parents about something that happened while they were gone
- Says number words to ten

IS THIS FOOD EXPIRED?

UNDERSTANDING DATE LABELS

The dates that food companies put on packages are not regulated and do not mean that the food is unsafe to eat, except in the case of baby formula. Most foods are still tasty and nutritious after the date has passed. **Not sure if food is spoiled? Check for off odor, flavor or texture.**

"BEST BY" OR "BEST IF USED BY" DATE

This date tells you when the food will have the **best flavor.**
It is **still safe to eat** past this date.

"USE BY" OR "EXPIRATION" DATE

This is the last date that the product will be at its **peak quality**.
It is **still safe to eat** past this date (**except for baby formula**).

"PACKING/MANUFACTURING" DATE

This is the date used by manufacturers for tracking.
It is not an expiration date - it is not related to food quality or safety.

"SELL BY" DATE

This tells the store how long to display the product for sale.
It is **still safe to eat** past this date.

GOOD FOR UP TO ONE YEAR AFTER THE DATE:

- Packaged food like cereal, pasta, dried beans, and baking mixes
- Frozen foods
- Canned goods including soup, condiments, meat, fruit, and vegetables

GOOD FOR UP TO 30 DAYS AFTER THE DATE:

- Butter
- Cheese
- Eggs

GOOD FOR UP TO SEVEN DAYS AFTER THE DATE:

- Milk
- Yogurt
- Cream Cheese

LOCAL MICROGREENS:

Microgreens are in season in Arizona!

- Soilless Microgreens, Surprise
- Arizona Microgreens, Phoenix
- Sunnyside Greens, Maricopa
- Backyard Green House, Rio Rico

Try substituting Microgreens for lettuce in homemade sandwiches and wraps.

HACCP To ensure food safety with **fresh produce** always thoroughly wash under running water immediately before cutting and eating.

TEACH

HARVEST FACTS ABOUT MICROGREENS:

- Microgreens are made up of the young leaves of different plants.
- Because they come from different plants, each type has its own unique flavor.
- Microgreens are often called "vegetable confetti."
- Microgreens can come in a variety of colors, including purple, pink, and green.
- Microgreens require very little space and water to grow.
- The entire plant is edible.
- Some microgreens are ready to harvest in as little as 7 days.

TASTE

RECIPE: Turkey and Cheese Wrap

EACH WRAP CONTRIBUTES: 3 oz. eq. meat/meat alternate, 1½ oz. eq. enriched grains, 1/8 cup red/orange vegetable, 1/8 cup other vegetable

INGREDIENTS FOR 25 SERVINGS

- Turkey Breast, USDA Foods #110554 (4 lbs, 12 oz.)
- Tomatoes, Whole, Red, Raw, #17D48 (9.5 med)
- **MICROGREENS** (6.25 cups),
- Cheese, American, USDA Foods #100018 (1 lb, 10 oz)
- Whole Grain Tortilla, Soft Flour, 8", (25 each)

Lay out flour tortillas on a clean work surface area. Layer 3 ounces of turkey, 1 ounce of cheese (two, ½ ounce slices), a ¼ cup of **MICROGREENS** and 3 tomato slices (approximately 1/8 inch thick, each) on each tortilla. Fold 2 sides of wrap 1 inch over the filling. Roll tightly.

QUICK MATH:

The USDA Food Buying Guide (FBG) does not have a specific entry for "microgreen mix". Be sure to keep specific crediting documentation of the vegetable sub-group component.

Microgreens are simply the young seedlings of standard vegetables, the USDA requires you to classify them under the subgroup of the mature plant. In order to credit this vegetable, use the same process when calculating lettuce.

Raw, leafy greens credit as half the volume served. For example, a ½ cup of lettuce contributes ¼ cup toward the allowable vegetable subgroup.

USDA is an equal opportunity provider, employer, and lender.
