

Beaver Creek Elementary School District

District demographic information [▼](#)

District's spending by operational area

Every year, school districts must decide where to allocate their resources. This pie chart shows how Beaver Creek Elementary School District spent its funding by operational area, including the percentage it spent in the classroom and specifically on instruction.

We categorize districts with certain similar qualities into [operational peer groups](#) to help create meaningful comparisons across districts. Beaver Creek Elementary School District's peer group had an average instructional spending percentage of 52.2%. This number can help provide context for Beaver Creek Elementary School District's own instructional spending percentage.

Classroom spending, 68.8%

- Instruction, 53.0%
- Student support, 9.2%
- Instruction support, 6.6%

Nonclassroom spending, 31.2%

- Administration, 9.0%
- Plant operations, 12.0%
- Food service, 6.2%
- Transportation, 4.0%

For definitions of what is included in operational spending and each of the operational areas, see the "Spending areas" section on the [Glossary page](#).

Instructional spending percentage overview (FYs 2001-2025)

We have monitored instructional spending since FY 2001. Shown below are instructional spending percentages for Beaver Creek Elementary School District that show the most recent year-to-year change and the District's historical high and low percentages. Reviewing these notable instructional spending percentages can provide insight into the District's short-term (year-to-year comparison) and long-term (highest and lowest comparison) allocation of monies to instruction. Depending on how much a district spends in total, even small changes in a district's percentage spent on instruction can equate to large changes in the actual dollars the district spent.
