By: Beaver Creek Baptist Church

Message from the Principal/Superintendent

As we enter the month of March, we find ourselves in a season of growth and renewal. With spring just around the corner, this is a great time for students to reflect on their progress and set goals for the remainder of the school year.

March is also a month full of exciting events and opportunities for learning. We will be hosting our annual read-a-thon and Breakfast and a book on 3/2 in honor of Dr. Seuss birthday! Planning and prep for spring testing, literacy night, several field trips and a wonderful spirit week just before Spring Break! State testing will begin as soon as we come back from Spring Break, keep your eyes open for a schedule. Look at ADE parents handbook for questions or contact the school.

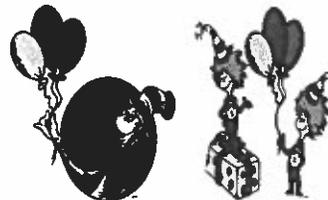

As we move closer to the end of the year, I encourage all our students to stay focused, work hard and support each other. Parents (Ace of Hearts!) your involvement makes a difference! Thank you for being part of our school community!

Mrs. Wheeler

Happy Birthday, Dr. Seuss!

Monday, March 2nd is Dr. Seuss Birthday. We will celebrate with breakfast and a book.

Library:

If you want your child to go to the Library after school you need to call the office. We will only accept 4 students and it will be on a first come basis.

Wellness Committee Meeting

March 6 @ 11:00 AM
In the Governing Board Room

Junior Basketball

the quest for
SCHOOL BREAKFAST
NATIONAL SCHOOL BREAKFAST WEEK
MARCH 7-6, 2026

The Realm Rises with Breakfast

15+ million students participate in the School Breakfast Program in the United States.

Stronger Bonds Begin at Breakfast

A healthy breakfast reduces irritability and disciplinary issues, and helps kids get along better with peers

Fuel for Focus

Eating a whole breakfast improves children's attention, focus and memory

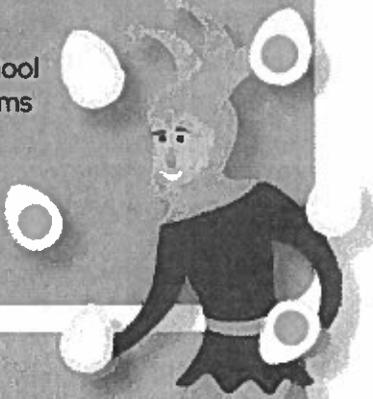

A Smarter Start Wins the Day

Students who eat breakfast the morning of a standardized test achieve 17.5% higher scores than those who do not eat breakfast.

Ready for the Journey Ahead

Students who participate in school breakfast programs show improved attendance and academic performance

Strong Starts Shape the Future

Students who regularly eat breakfast are more likely to build positive, life-long eating habits and maintain a healthier body weight.

Sharp Minds Lead the Way

School breakfast helps students complete challenging mental tasks and boosts problem-solving abilities.

A

ABOUT national school BREAKFAST week

Every great journey begins with a strong start, and for millions of students, that start is school breakfast. The School Breakfast Program (SBP) is a federally funded nutrition program that plays a vital role in ensuring students have access to a healthy, balanced meal each morning. For 60 years, SBP has helped fuel young minds and bodies, setting students up for success both in and out of the classroom.

Students who eat breakfast are more likely to stay focused, attend school regularly and perform at higher levels in reading, math and standardized testing. In short, breakfast helps students arrive ready to take on the day's challenges.

Today, the School Breakfast Program serves 15 million meals each school day across the nation, often offering a more nutritious option than meals eaten at home or on the go. By celebrating NSBW, we emphasize the benefits of a balanced breakfast in creating a strong foundation for the day ahead

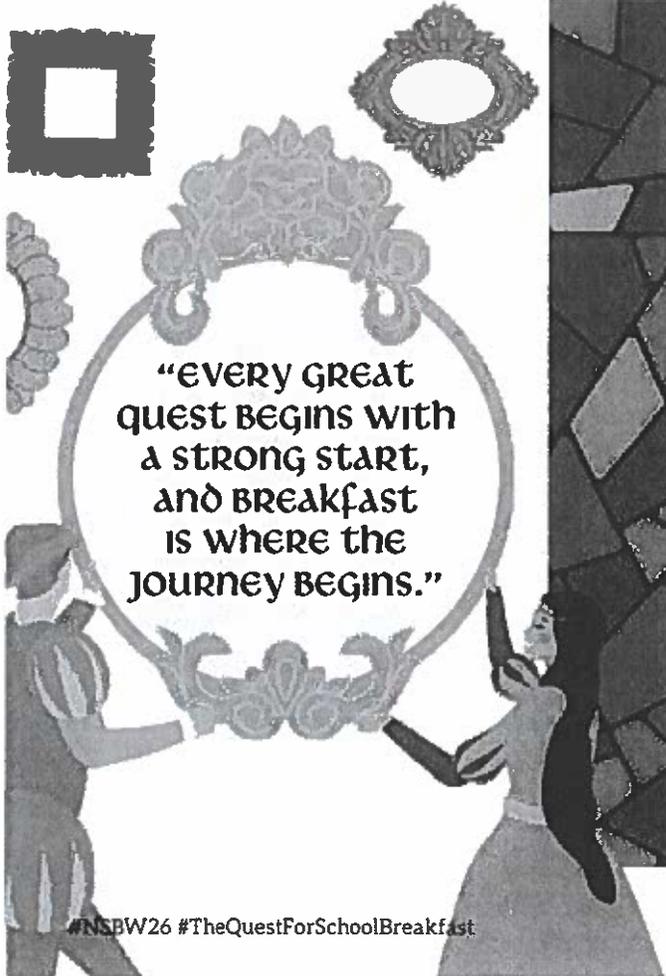

why the quest for school breakfast?

This year's National School Breakfast Week theme, "The Quest for School Breakfast", transforms breakfast from a daily routine into a shared adventure.

It invites students to see themselves as heroes embarking on a journey; one fueled by nutritious food and supported by the dedicated school nutrition professionals behind the scenes.

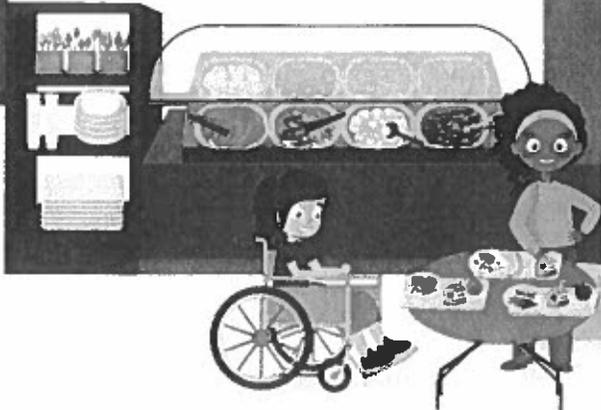

By incorporating imaginative, quest-inspired activities and visuals, this theme sparks curiosity and engagement while reinforcing an important message: **Breakfast provides the strength, focus and energy students need to conquer the day.** It also shines a spotlight on the cafeteria teams who prepare and serve the meals that power every student's journey.

National School Breakfast Week is an opportunity to celebrate the impact of school breakfast, increase participation across all grade levels and remind school communities that fueling students is about more than food. It's about helping every child begin their day equipped for success.

**"EVERY GREAT
QUEST BEGINS WITH
A STRONG START,
AND BREAKFAST
IS WHERE THE
JOURNEY BEGINS."**

Be A School Wellness Champion

Parents, we need your help to make our school healthier!

Children spend most of their day at school. So, it's important that they have healthy foods and drinks while they are there. Good nutrition also helps kids learn better at school. Our school wellness policy tells how our school is making the healthy choice, the easy choice for kids. Parents can help update the school wellness policy and to put it into action.

4 ways parents can help:

1 Join the school wellness committee. Our next meeting is on **March 6th, 2026 at 11:00.** The wellness committee meets annually to help make our school healthier. You do not need any special training to be on the committee, just an interest in keeping our school healthy!

2 Read the school wellness policy at <https://www.bcs.k12.az.us/food-nutrition>. For questions or more information, contact Beaver Creek School 928-567-4631

3 Support classroom and school events to have healthy foods and get kids physically active. Keep the wellness policy in mind when planning what foods and beverages to have at events and celebrations.

4 Share with your student & others about the importance of choosing a healthy lifestyle.

What is in our school wellness policy?

The full school wellness policy is online at:

<https://www.bcs.k12.az.us/food-nutrition>

Major topics in the policy are:

- Nutrition education and promotion
- Physical activity
- Other wellness activities (such as wellness weeks and walk/bike to school)
- Nutrition standards for all foods and drinks sold to kids at school
- Foods and drinks that may be given to students (such as at classroom celebrations or foods given as rewards for behavior)
- Food and beverage marketing

We are looking forward to working with you to ensure our school continues to be a healthy place that supports growth and learning.

**Better Health =
Better Learners**
